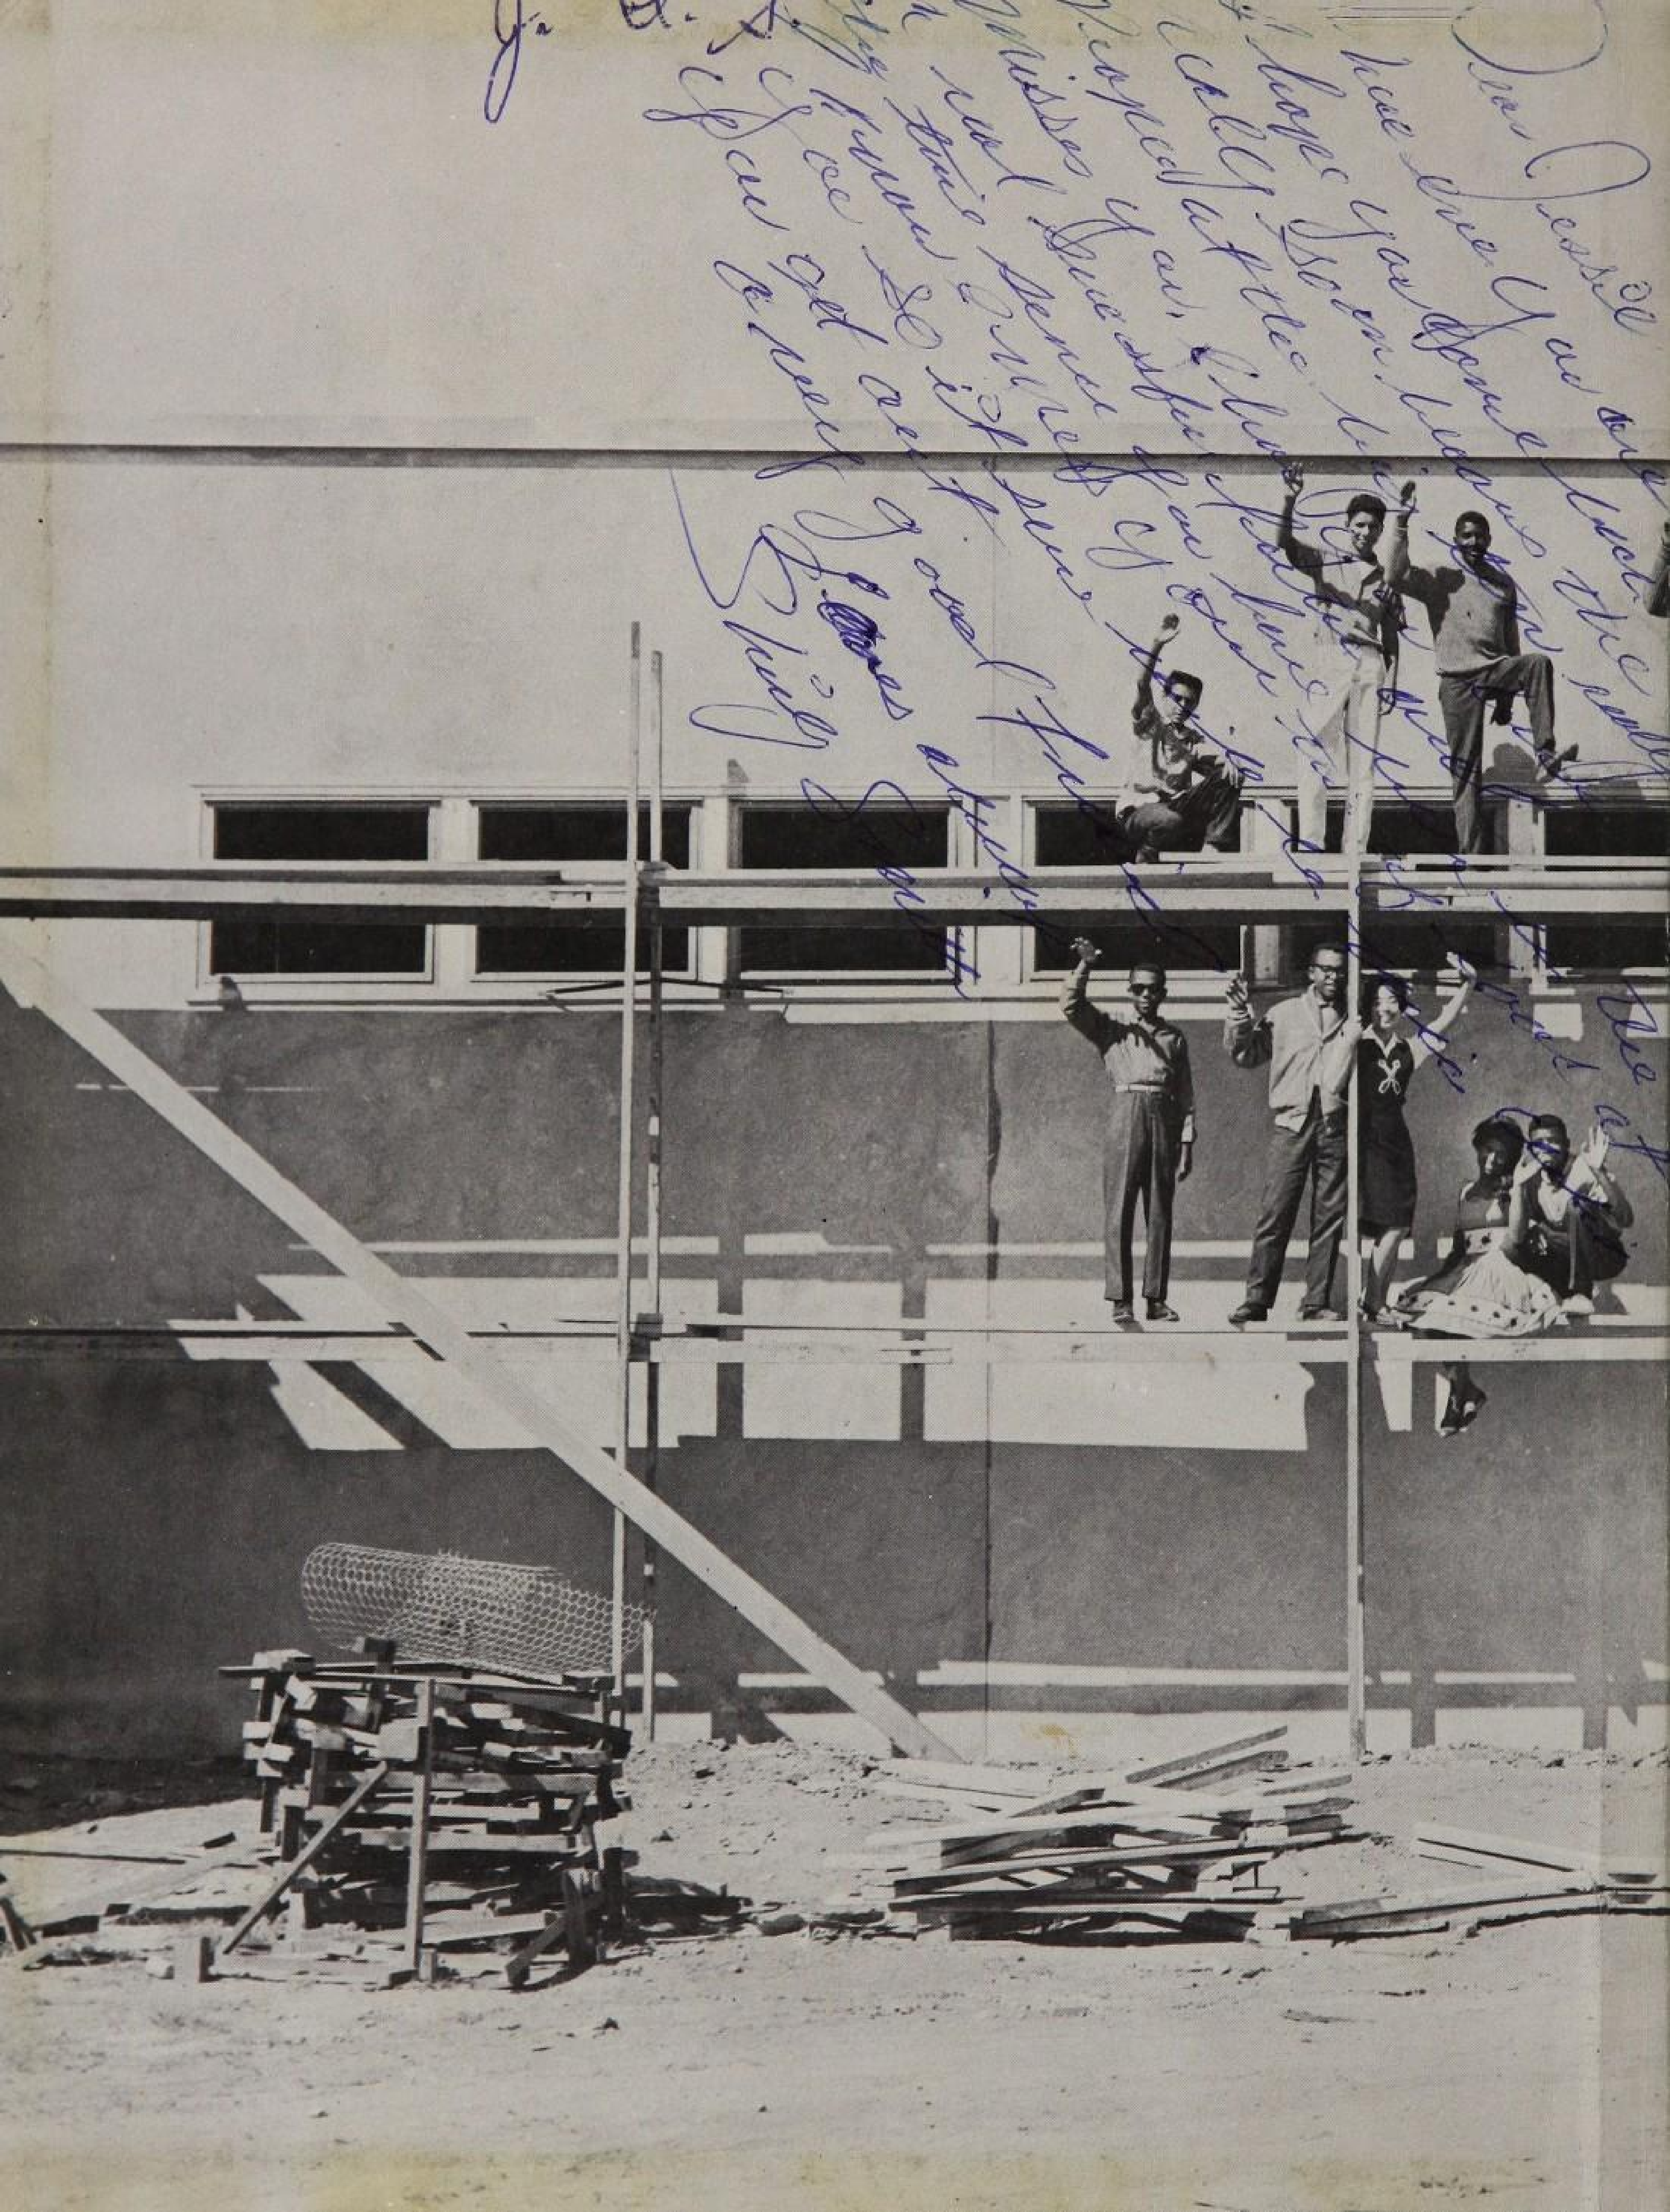
1961

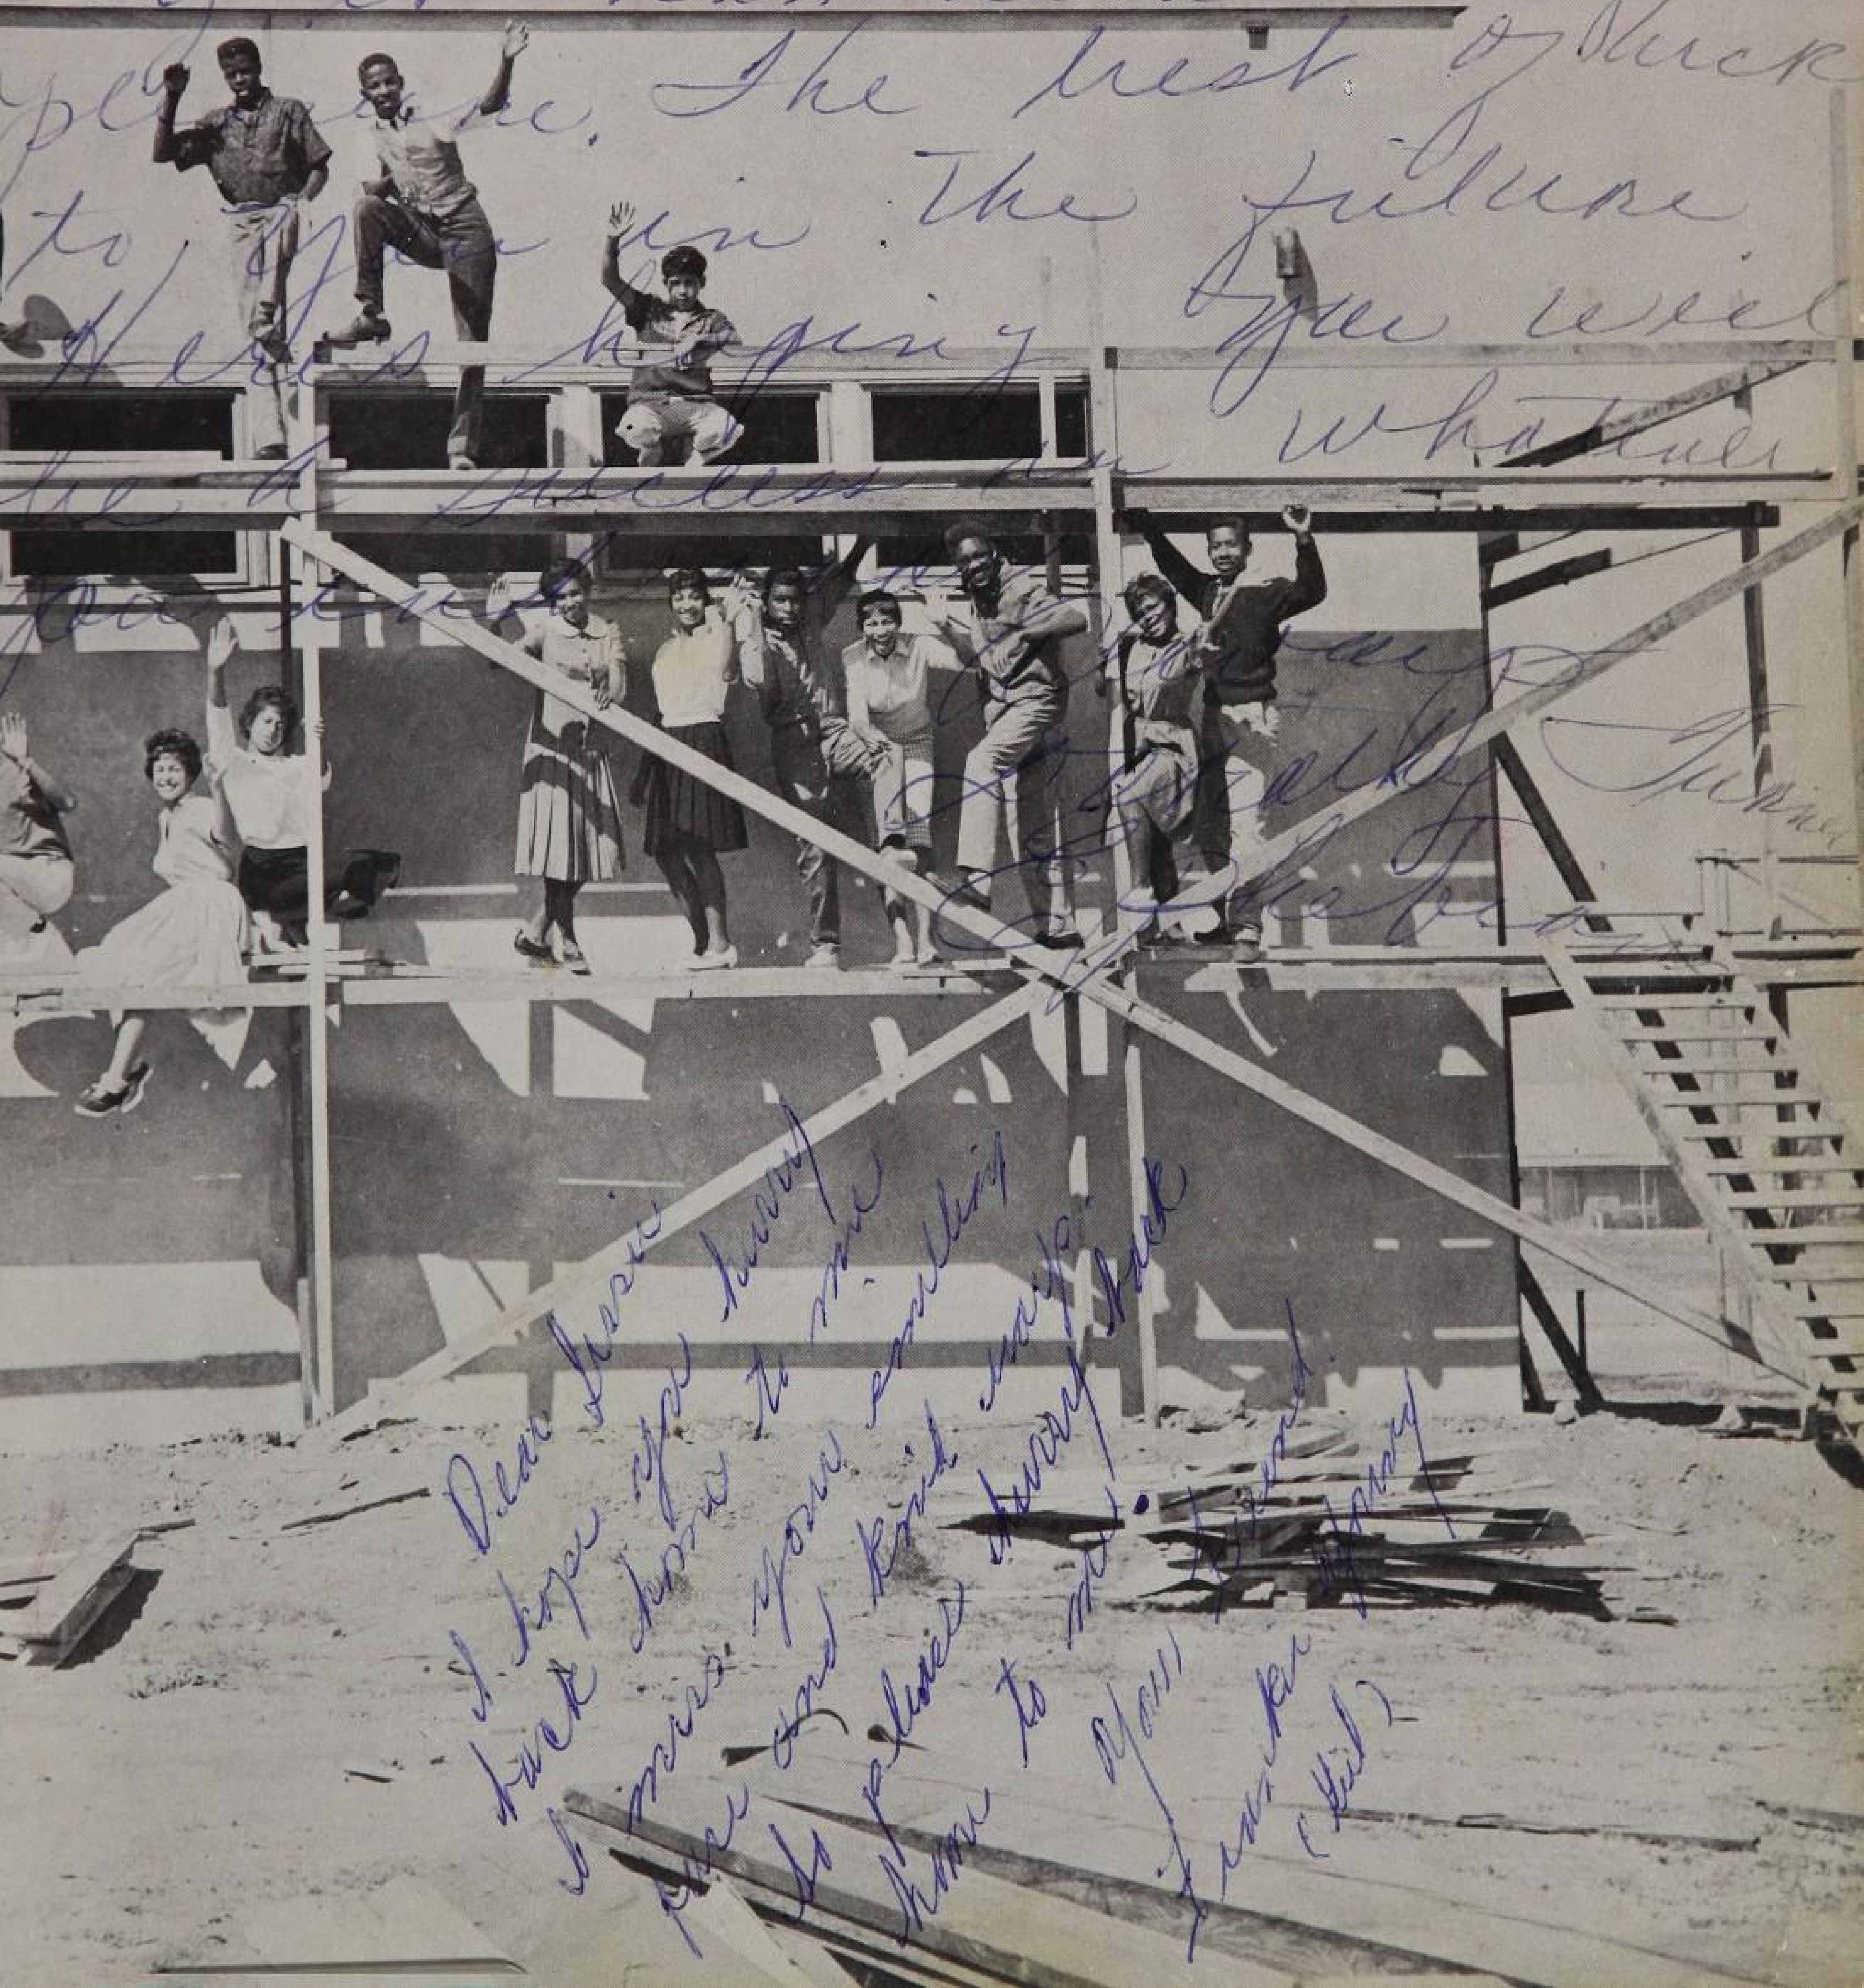
Dear Jesse

[illegible]



Dear Jessie,
During the many years I have known you I can say it has been my pleasure. The best of luck to you in the future. Here's hoping you will be a success in whatever you undertake.

Always,
Sally



Dear Jessie
I hope you hurry
back home to me
I miss your smiling
face and kind ways
So please always come back
home to me.
Your friend.

WAR CRY '61

Dear Jessie,
I really
hope that you
will hurry back to
all of us, your friends!
May you enjoy uncount-
able blessings for success and
happiness always. Just stay
sweet and as considerate as you
are now and you will forever
find peace of mind and joy
forever. Please don't forget me.
your friend forever,

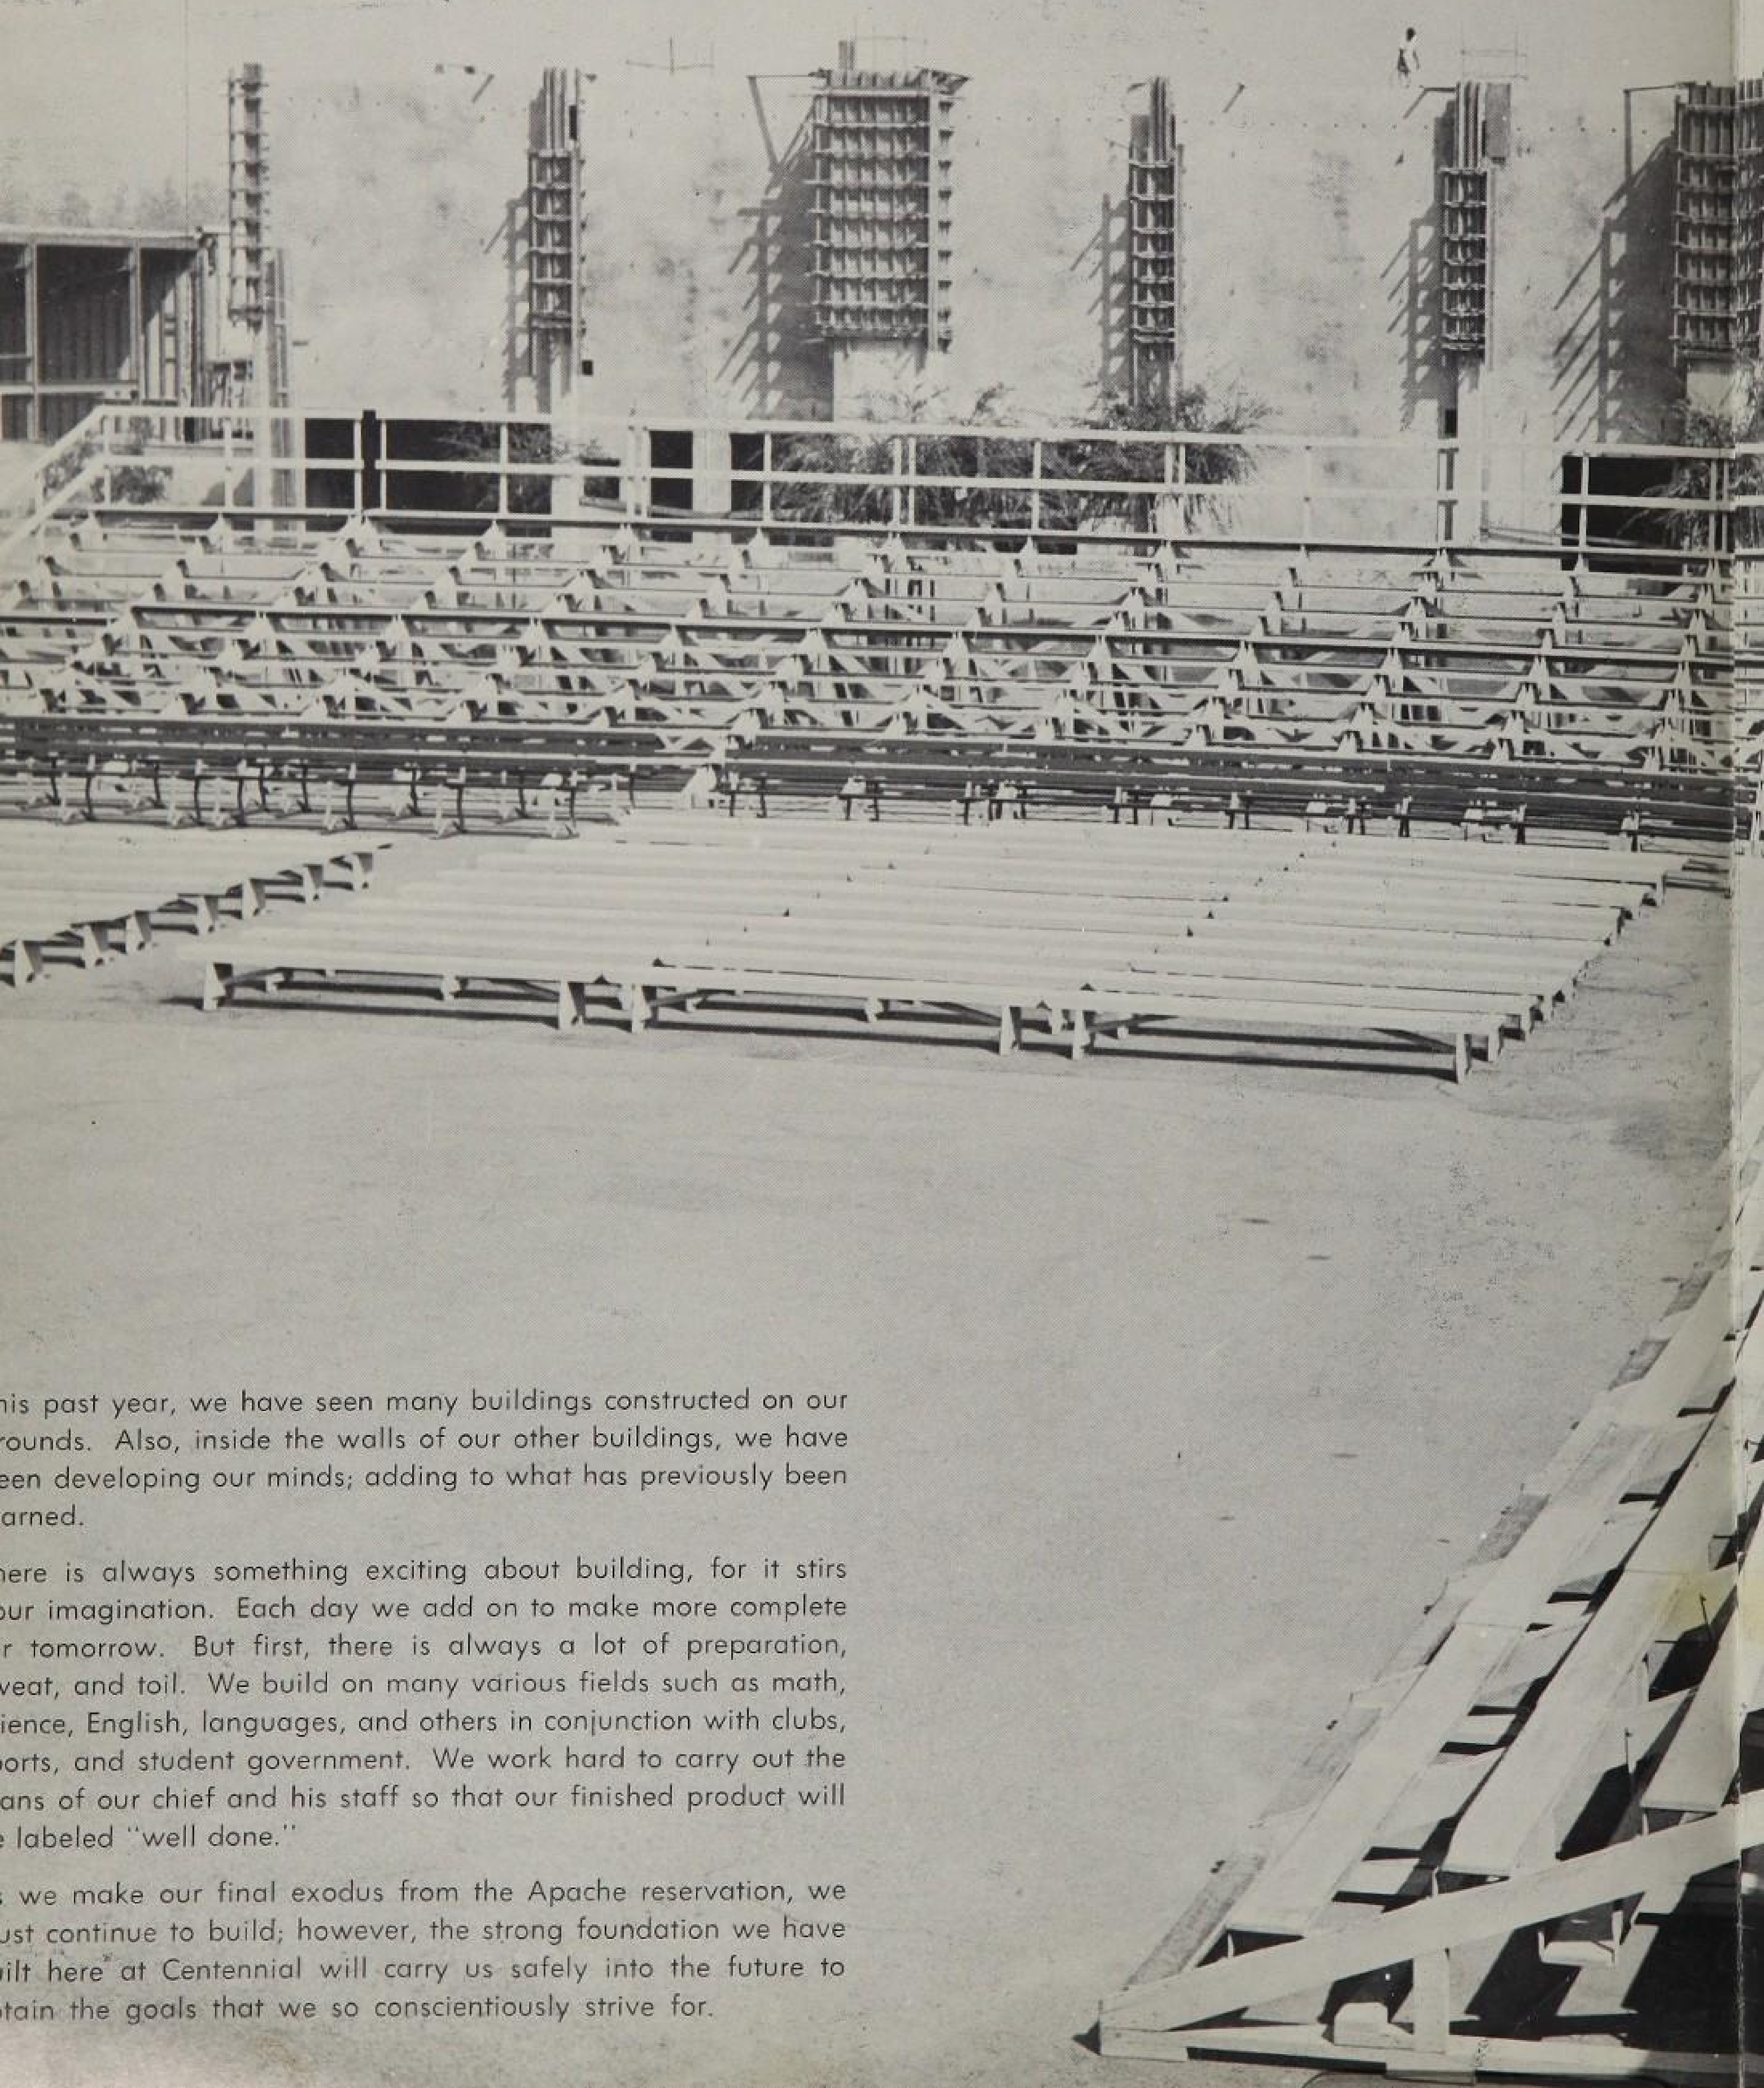
BUILDING FOR

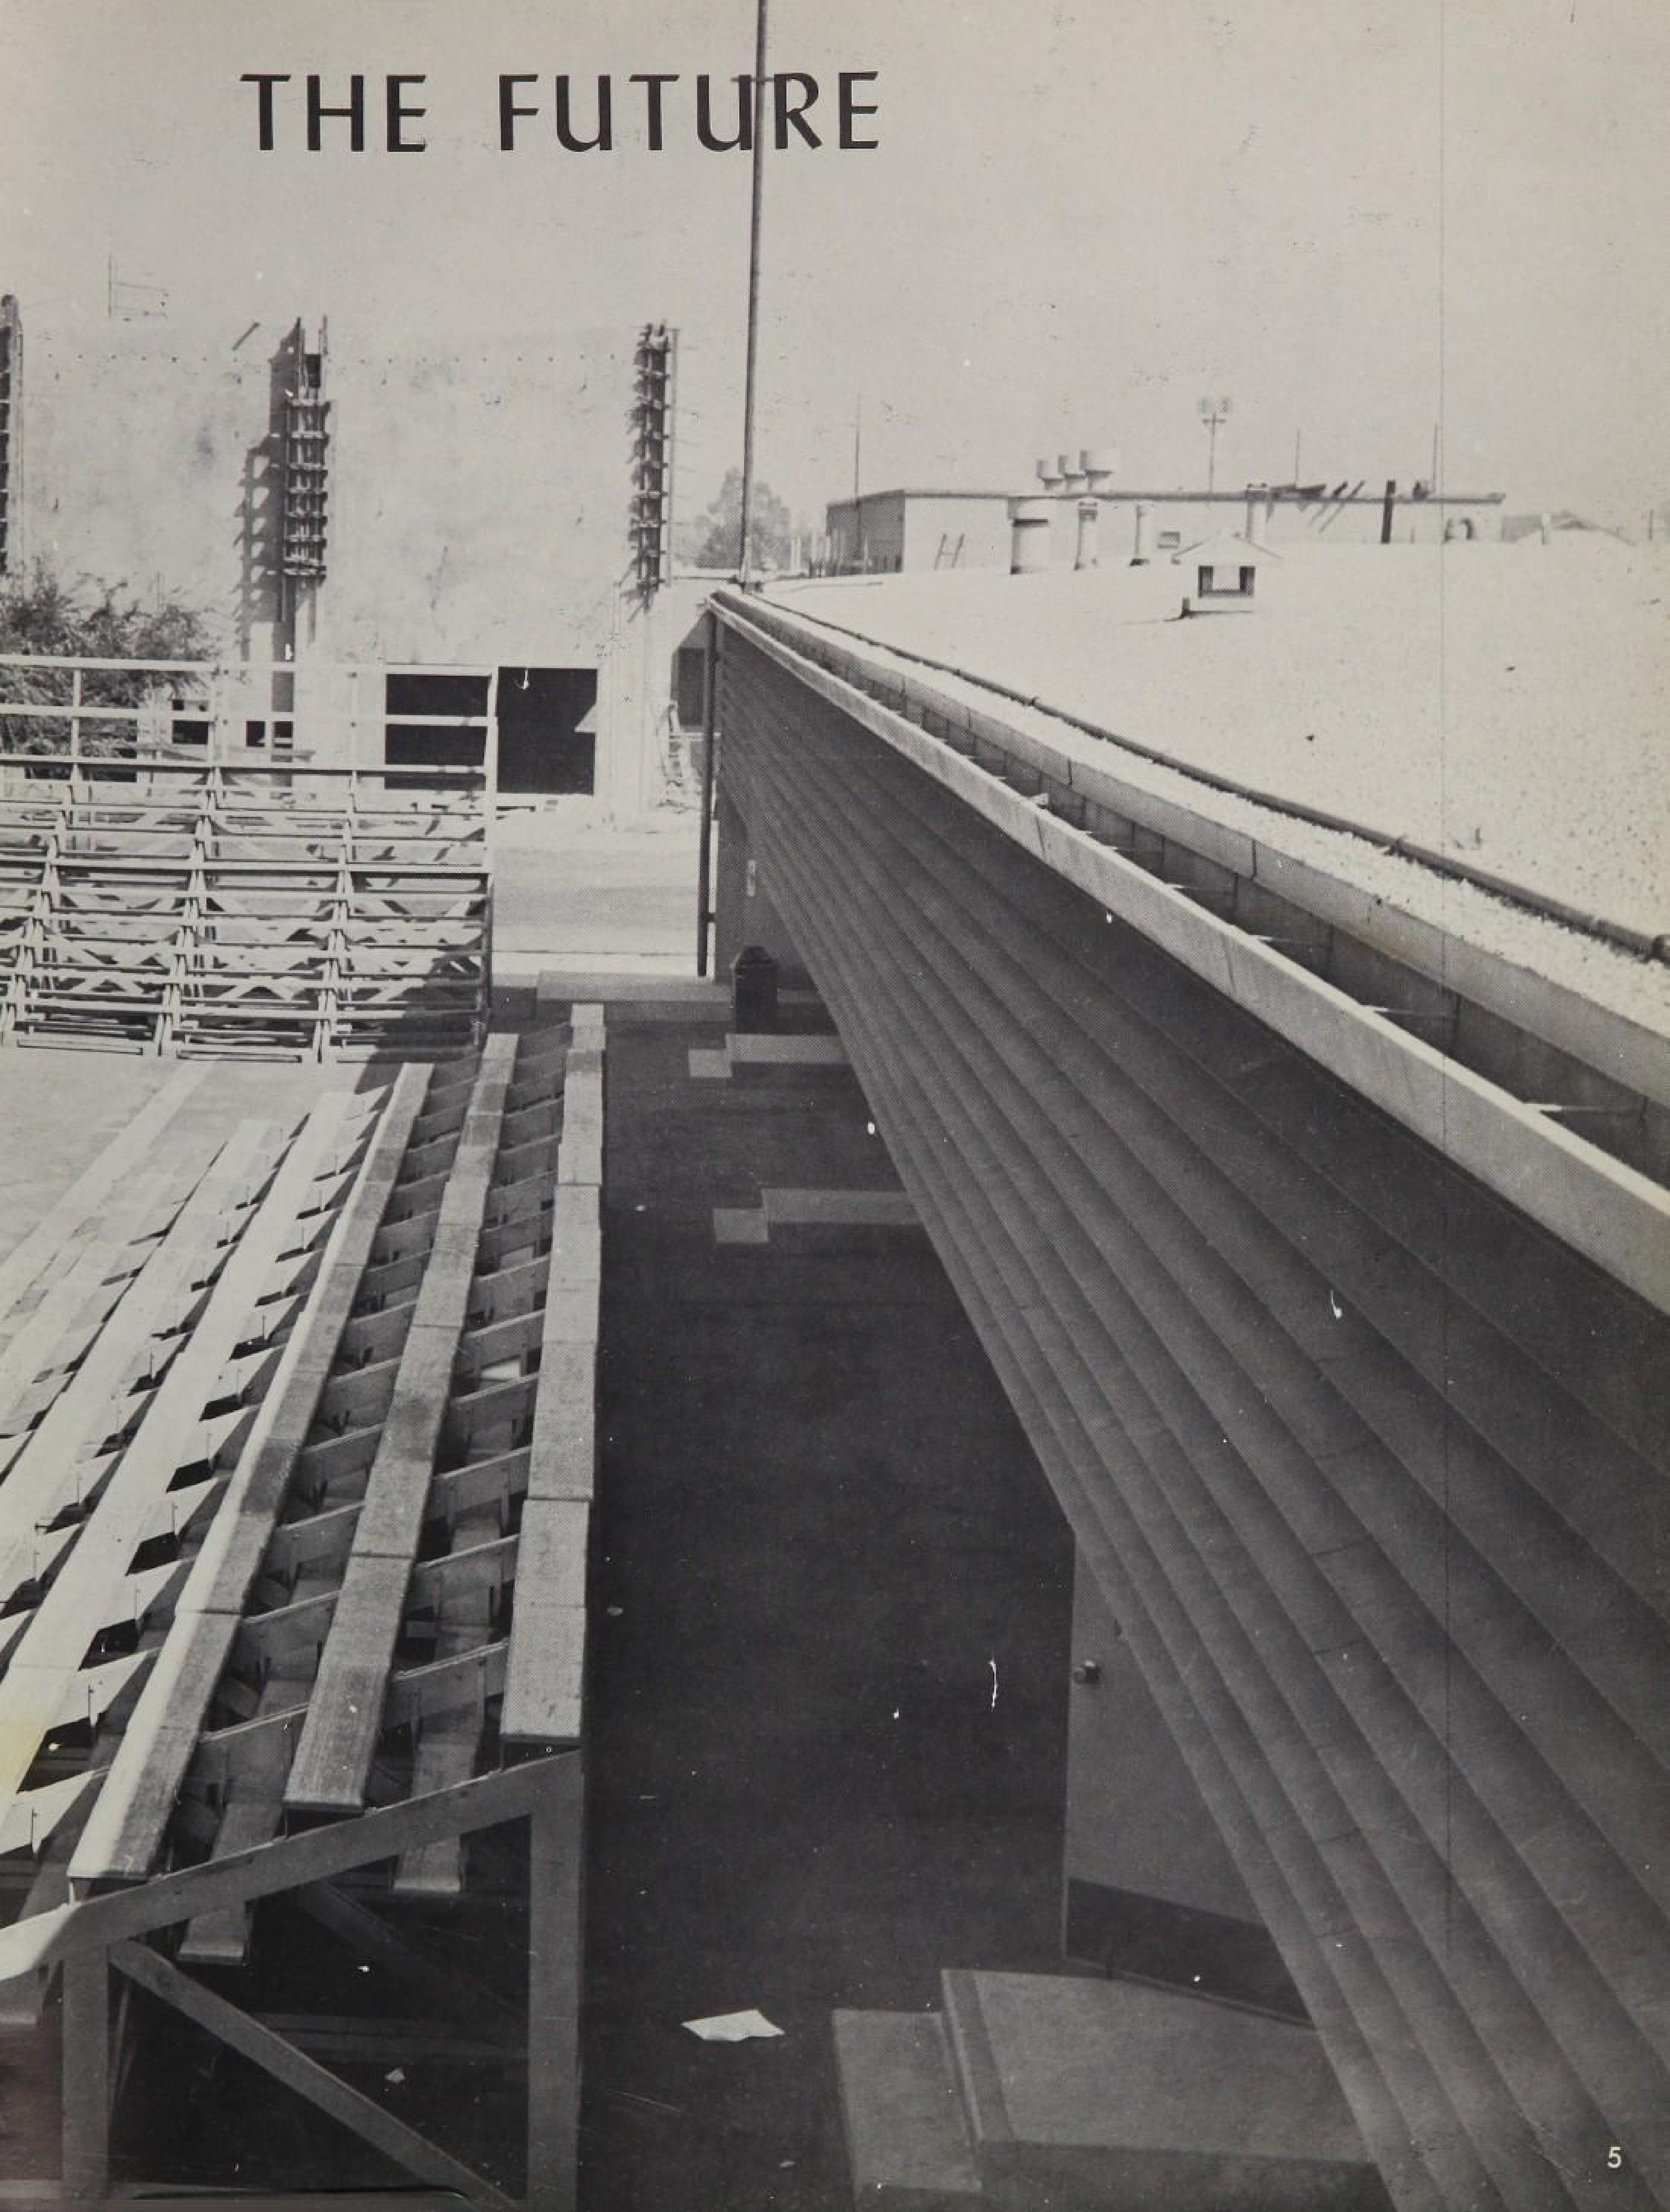


his past year, we have seen many buildings constructed on our rounds. Also, inside the walls of our other buildings, we have een developing our minds; adding to what has previously been arned.

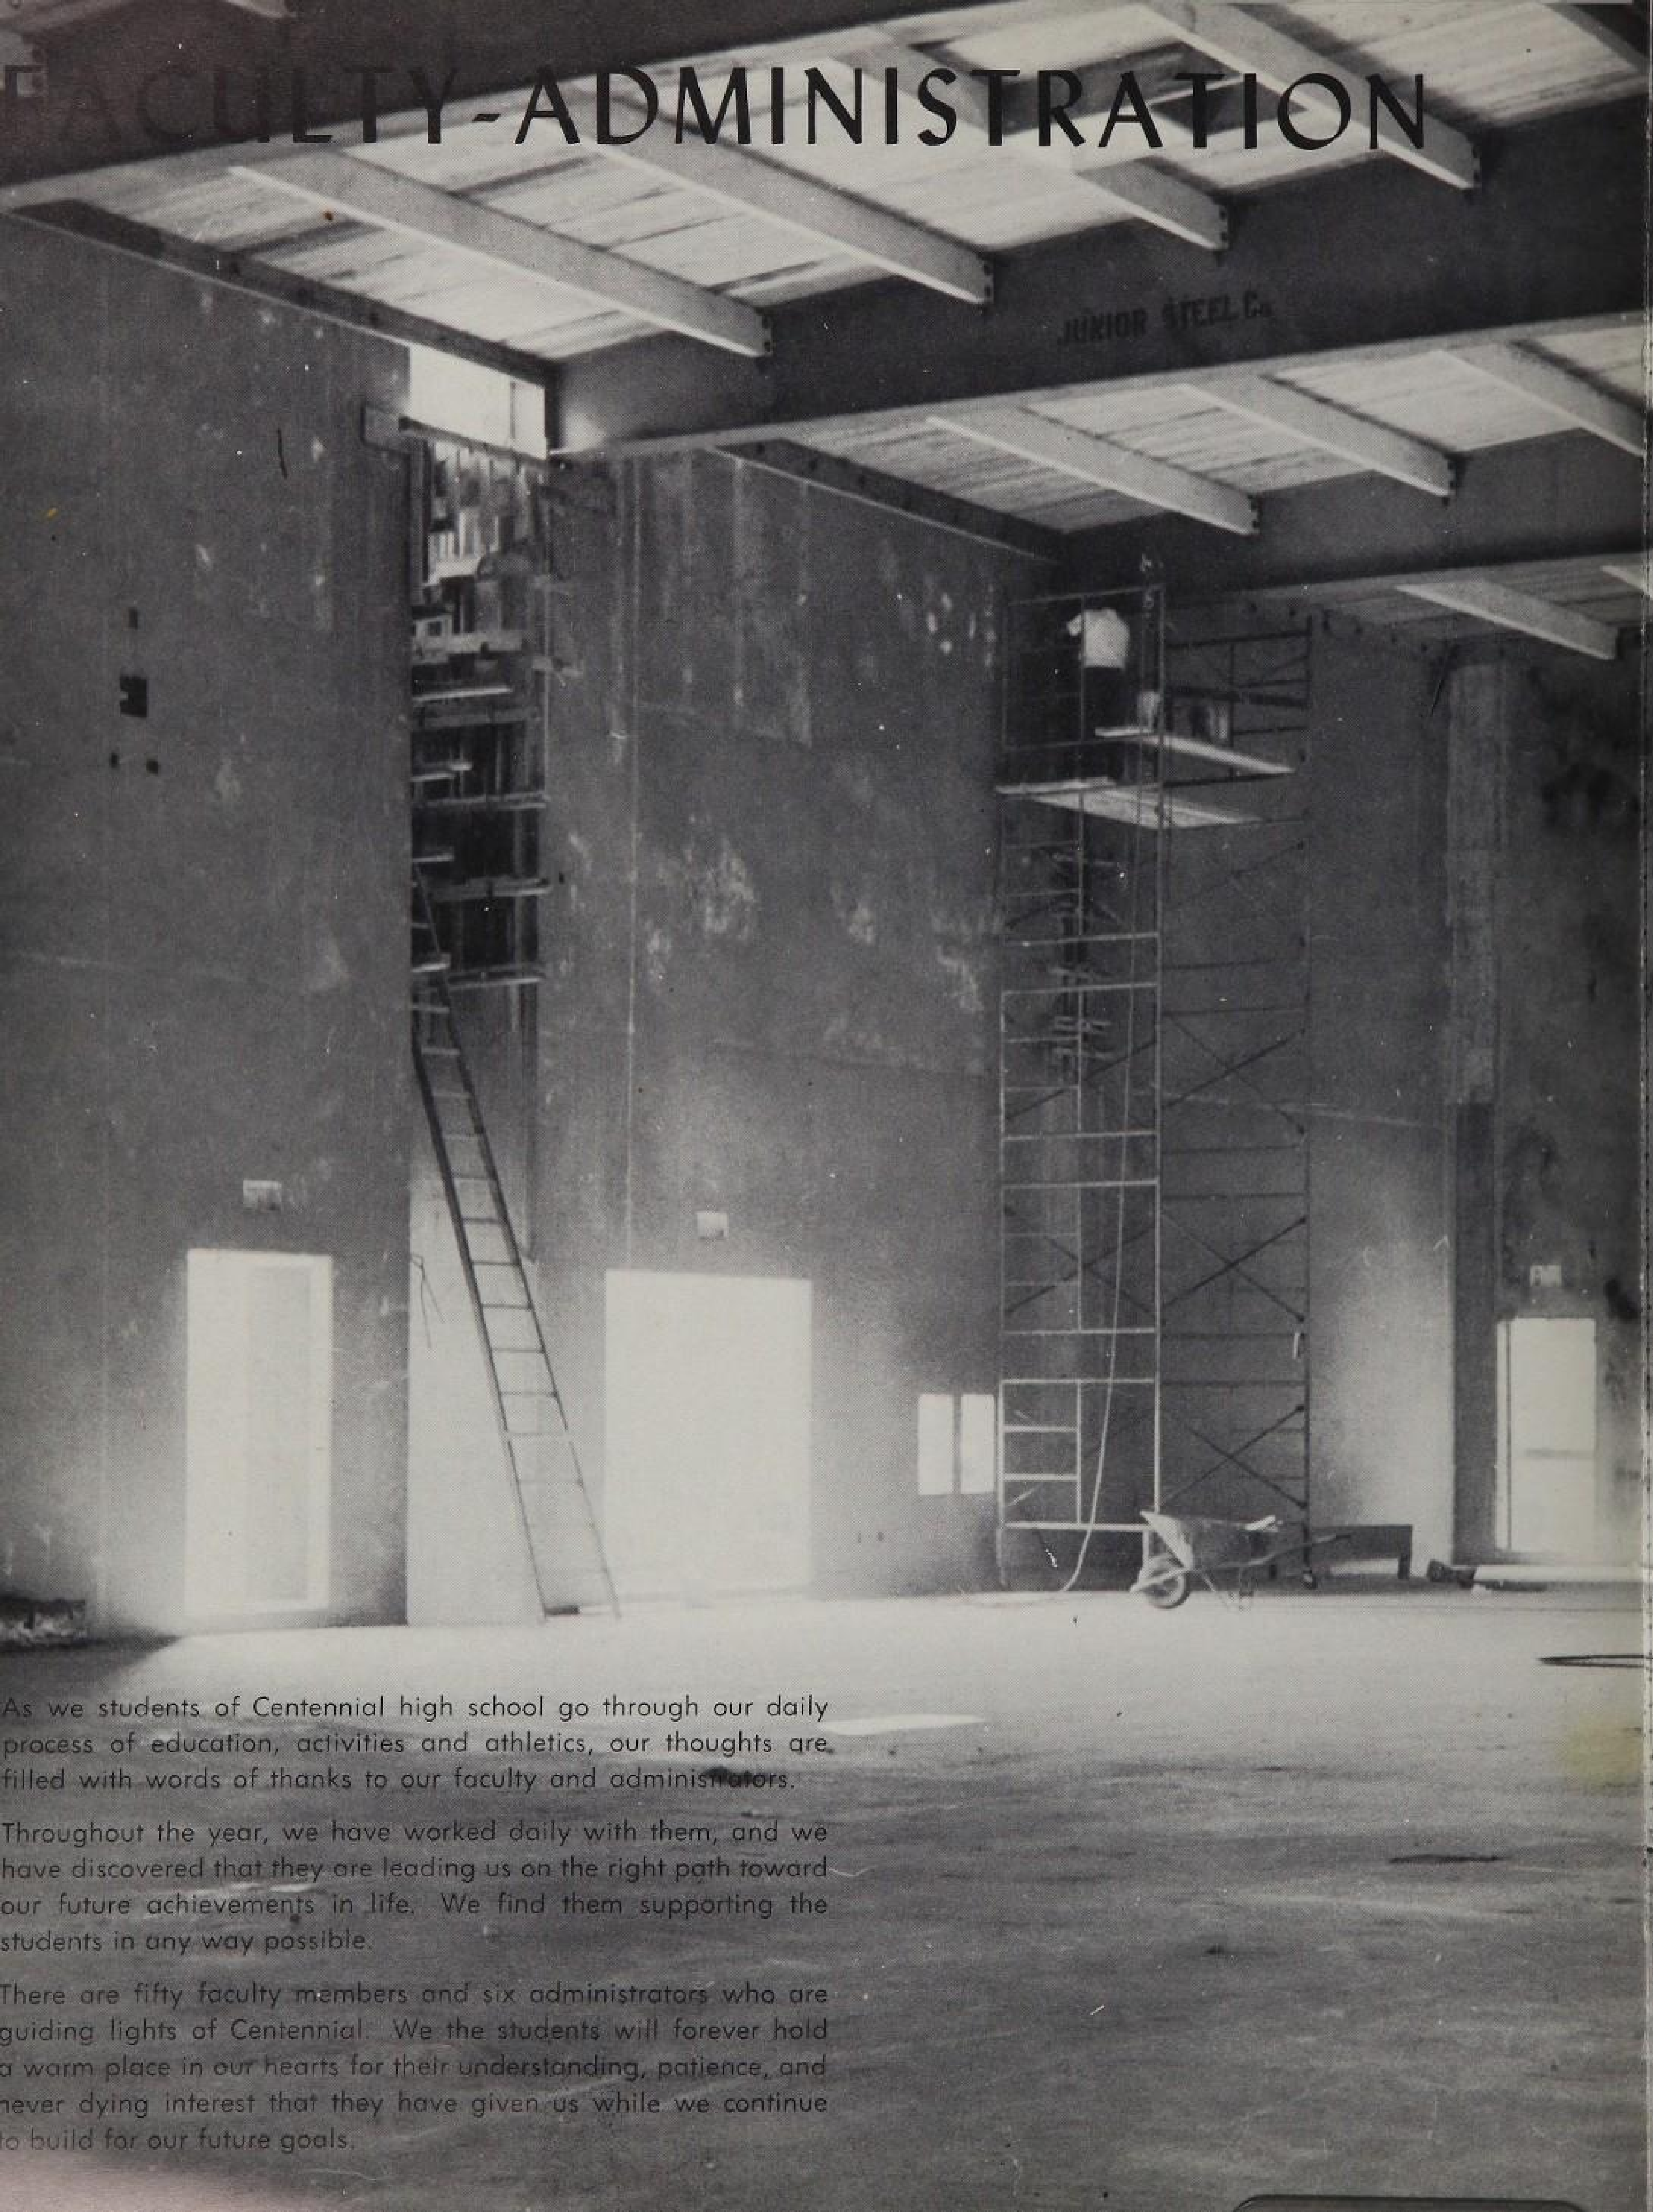
here is always something exciting about building, for it stirs our imagination. Each day we add on to make more complete r tomorrow. But first, there is always a lot of preparation, veat, and toil. We build on many various fields such as math, ience, English, languages, and others in conjunction with clubs, orts, and student government. We work hard to carry out the ans of our chief and his staff so that our finished product will e labeled "well done."

s we make our final exodus from the Apache reservation, we ust continue to build; however, the strong foundation we have ilt here at Centennial will carry us safely into the future to tain the goals that we so conscientiously strive for.

THE FUTURE



FACULTY-ADMINISTRATION

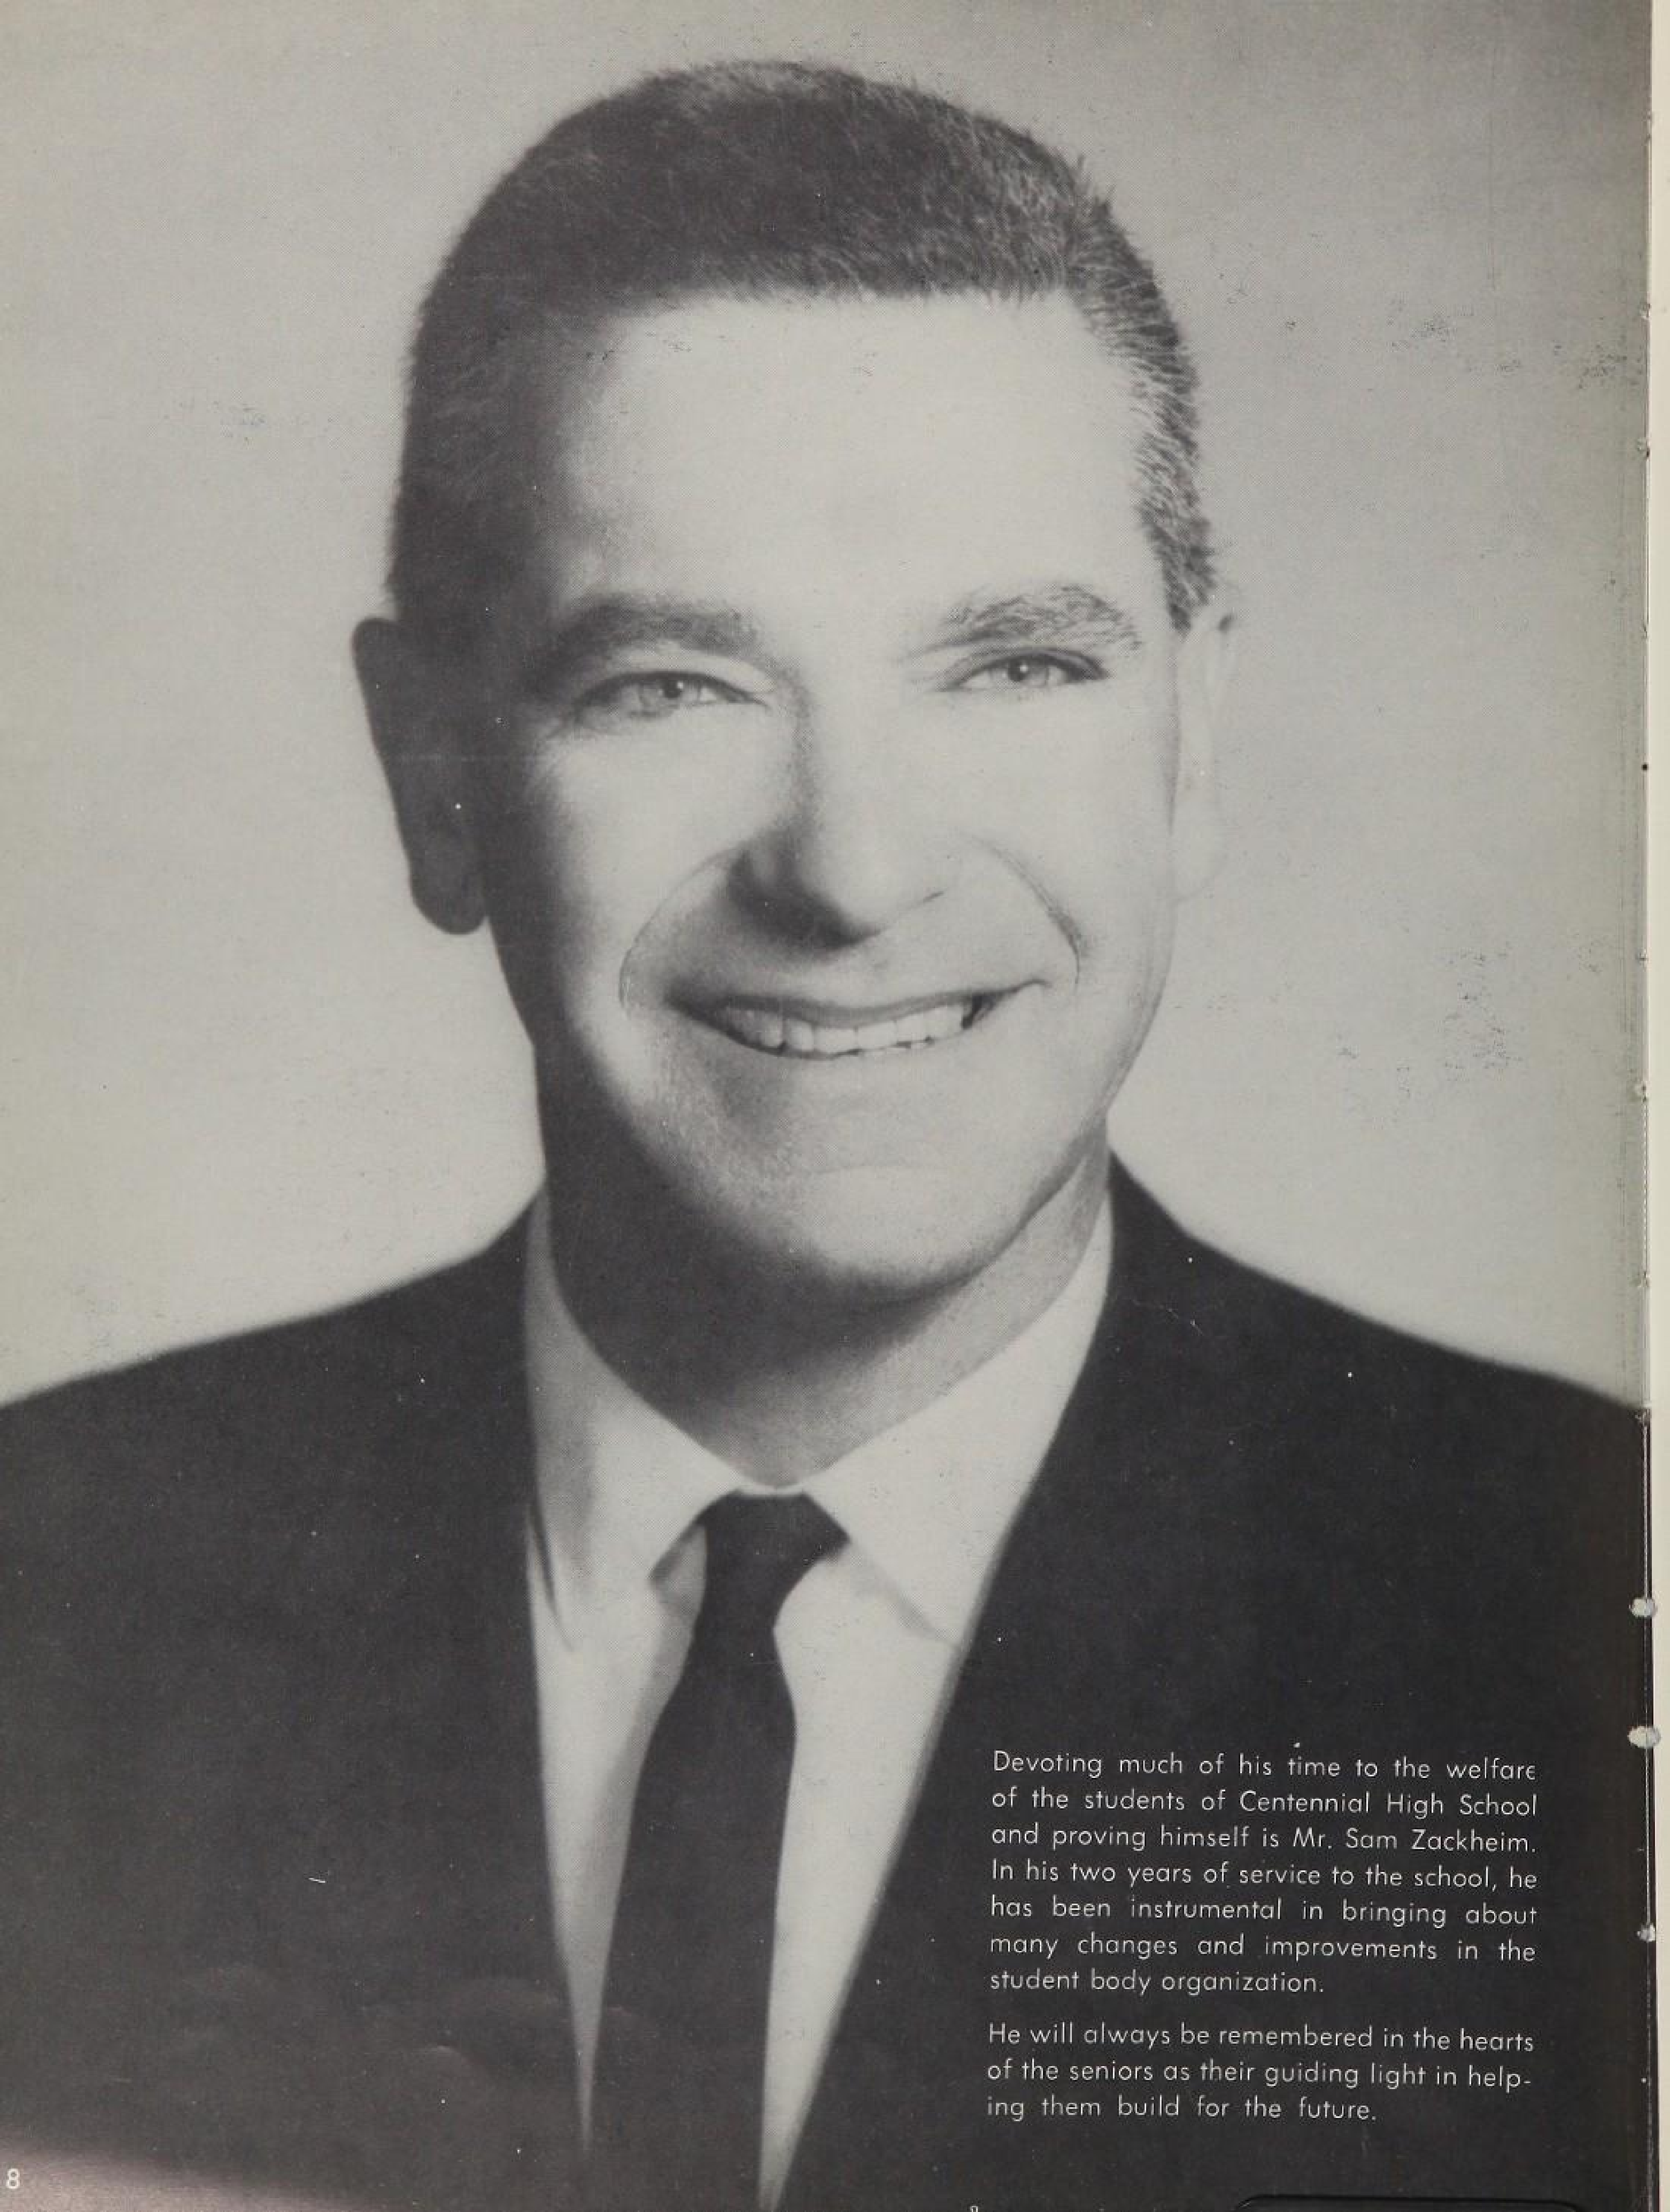


As we students of Centennial high school go through our daily process of education, activities and athletics, our thoughts are filled with words of thanks to our faculty and administrators.

Throughout the year, we have worked daily with them, and we have discovered that they are leading us on the right path toward our future achievements in life. We find them supporting the students in any way possible.

There are fifty faculty members and six administrators who are guiding lights of Centennial. We the students will forever hold a warm place in our hearts for their understanding, patience, and never dying interest that they have given us while we continue to build for our future goals.

JUNIOR STEEL Co.



Devoting much of his time to the welfare of the students of Centennial High School and proving himself is Mr. Sam Zackheim. In his two years of service to the school, he has been instrumental in bringing about many changes and improvements in the student body organization.

He will always be remembered in the hearts of the seniors as their guiding light in helping them build for the future.

DISTRICT ADMINISTRATION

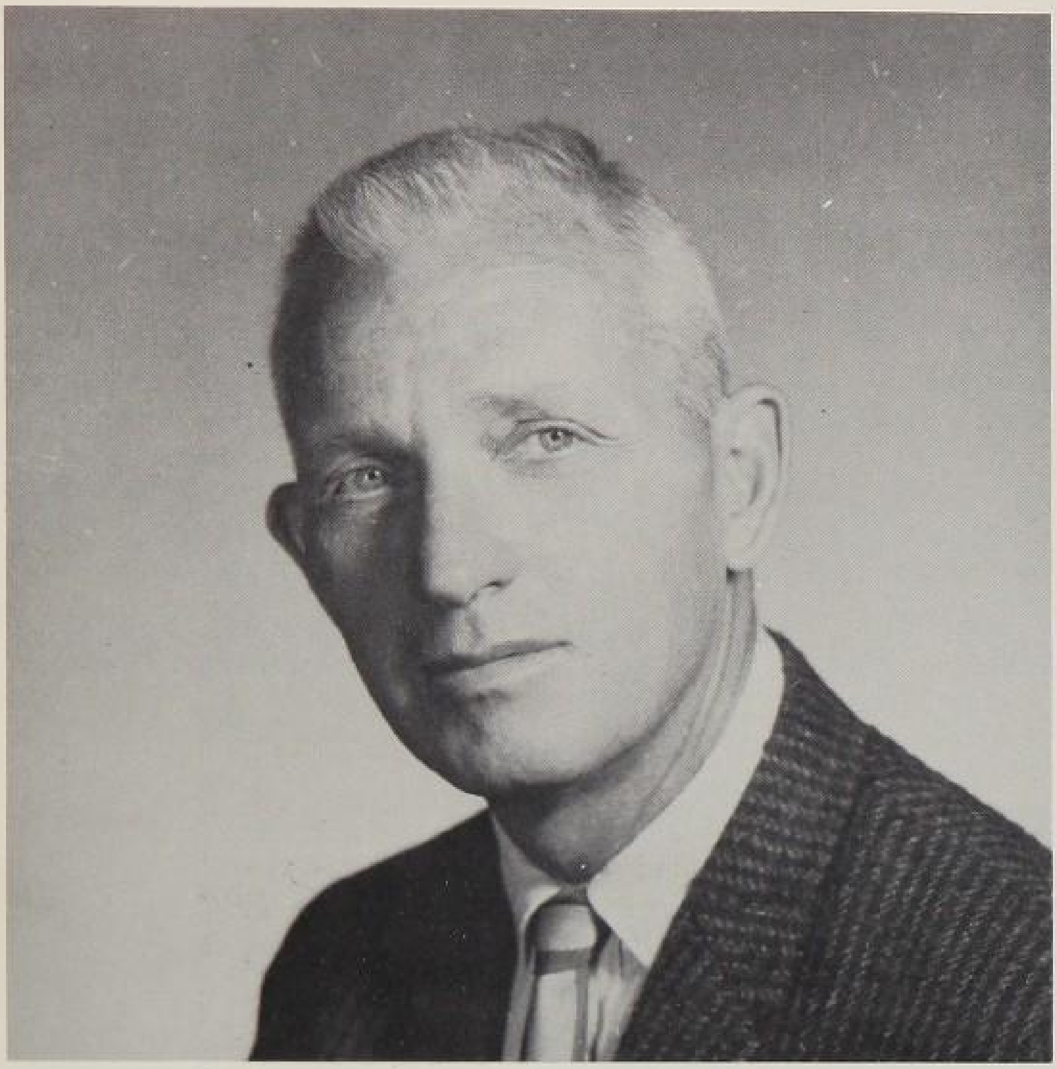
It is the responsibility of the **Board of Trustees** and the District Administrators to provide the best possible program of education to the students enrolled in this district. The decisions they make are often complicated and complex. However, their decisions must be based on what is best for the pupils, the desires of the community, and its financial resources.

MR. FRANKLIN C. HEMPHILL
Superintendent

Mr. Carl Burke, **Assistant Supt.**; Mr. Rae Cargille, **Deputy Supt.**; Mr. Leslie Vien, **Business Manager.**

Seated: Mr. Joe Causey, **Member**; Mrs. Clara Fox, **Vice President**; Mr. Ramon Gonzales, **President.**
Standing: Mr. Everett Pyle, **Member**; Mr. W. E. H. Knight, **Member.**

ASSISTANT PRINCIPALS



Mr. Wilbur North is the **Assistant Principal.** He is well known among the students for his friendly manner and his gifted talent of being able to help us solve our individual, personal problems. His never dying interest in seeing that, we the students of Centennial maintain our high standards, is the mark of a true Apache.

Mr. Wilbur North

Mrs. Dorothy Heilman is the **Assistant Principal.** She has the great responsibility of planning our programs of education, and if necessary, to change it according to each individual's needs. She is known by the students as a kind, understanding person and is respected by all.

Mrs. Dorothy Heilman

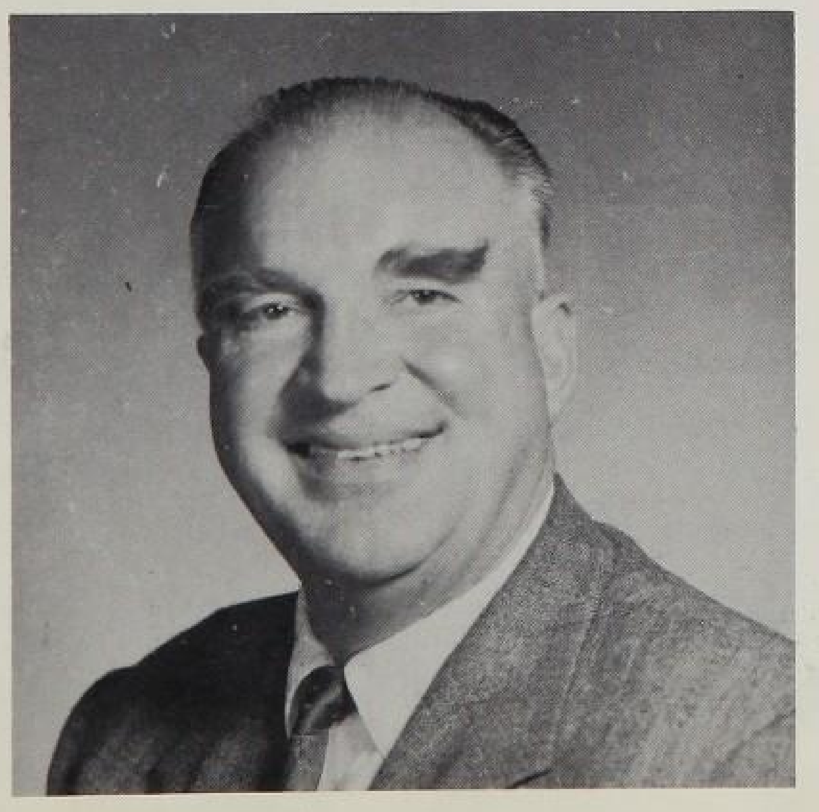
CO-ORDINATORS

Mr. Everett Parrish

Mr. Everett Parrish is the **Coordinator of Student Activities.** It is his job to plan the working calendar for the school term. On his shoulders rest the important responsibility of developing an active student body. All campus activities, ranging from dances to assemblies, pass through his office for approval.

Mrs. Morrisontine Boykin is the **Attendance Coordinator.** She checks attendance records and makes innumerable calls to discover the causes of school absence. Her responsibility is to see that every student is aware of the importance of good school attendance.

Mrs. Morrisontine Boykin



Dr. Clifford Liljekvist

Dr. Clifford Liljekvist is the **Coordinator of Guidance.** He guides us to the realization of our potentialities through his thorough program of testing and his adjustments of our school curriculum. He has helped the Apaches in many ways, and we shall forever thank him, for his patience and wisdom, in guiding us toward a successful future.

SERVICE STAFF

Ruby Knight, Peggy Kenzy, Mable Evans, Frances Marshall, Louise Wilmovsky, Cecilia Langrum, Lee Gabbert.

The secretaries and clerks are the backbone of the service staff. Through their long hours of diligent work, the office records and correspondence are kept accurate and up to date. Our hats are off to you and happy typing.

Virginia Stecher, Rita Rosa, Wille Mae Shingleton, Ella Lytle, Manuela Rodriguez.

Our cafeteria workers keep us from starving while we are at school. They are responsible for the dependable service and the fine conditions at Centennial.

Joseph Johnson, Felix Barber, William Shirley, John De Boer, Frank Williams, Paul Richardson, Edward Smith, Stewart Herrington.

Our gardeners and custodians keep our campus clean and beautiful, making every effort to make us proud that we are Centennial "Apaches."

GRADUATES

As we complete our last goal in high school, we can look back upon the past years and recall memories. As sophomores, we worked hard to make our class tops; in our junior year, we strived to become the best senior class ever.

When we approached our senior year, we took on bigger responsibilities, setting examples for the underclassmen, and at the same time, making our graduating class number one. Just like the building of a new foundation, the seniors have found it most beneficial while preparing for our college years. These three years have helped all those who are striving for a better chance and those who are trying to make the best of themselves.

We, the seniors of 1961, take pride in being a part of Centennial high school. As we approached the last months of school we looked back on the years and remembered everything from our first assembly to our senior prom.

We, the mighty "EPHEBIANS," are proud of our last year in high school!

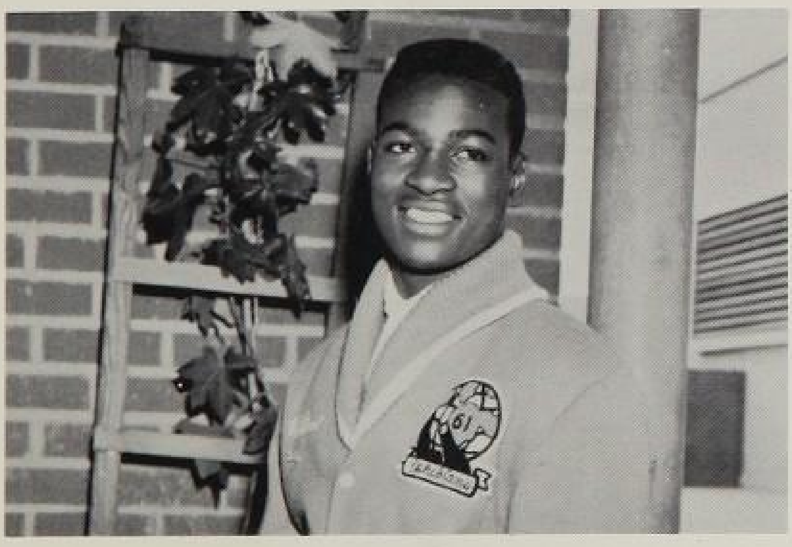
GAYLEN ZENON

Throughout the years we have always maintained the tradition of honoring seniors who are top in their studies. These people plan to enter the field of science, mathematics, business, etc. We honor these students through the write-ups in the Annual. In later life they can look back and see what they have accomplished. We are proud to present the top EPHEBIANS of 1961.

One of our most conscientious scholars is **KATHERINE OWENS.** Since her 3 years stay at Centennial, her favorite classes have been Trigonometry and Chemistry while her favorite teachers include Dr. Liljekvist, Mr. Gold, and Mr. Washington. Katherine plans to continue her education at U.C.L.A. and aspires a career in medicine.

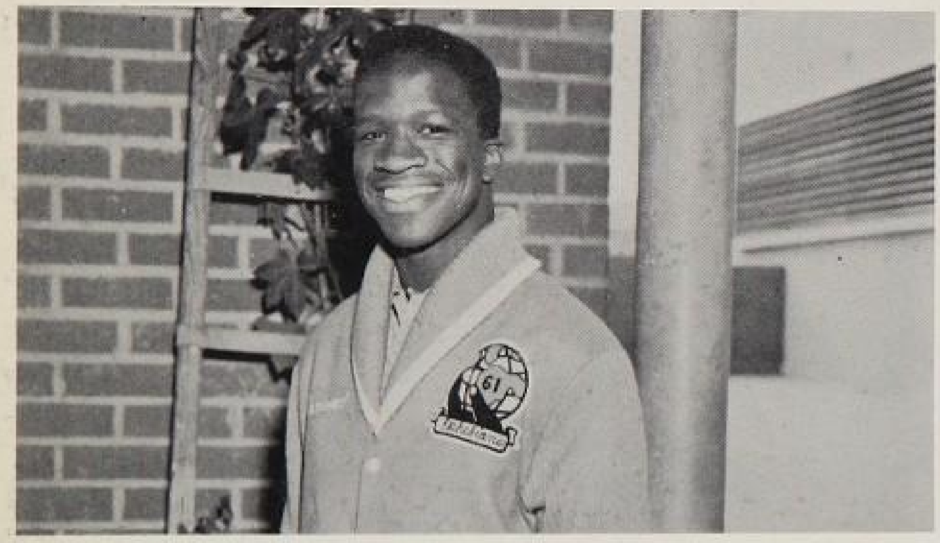
SHERRY GEORGE comes from the Virgin Islands. She has an "A" average at Centennial. Her favorite subjects are History and Senior Problems. Sherry plans to be a history teacher. To further her education she plans to attend Long Beach State and U.C.L.A.

Here again is one of our top seniors: **RALSTON SMITH.** Ralston is a member of the Senior Council and President of his Senior Problems Class. His favorite classes are math and science and I guess you have guessed, he plans to major in math or science. Our top senior will be seen on the campus of U.C.L.A. or Long Beach State next year.



CLARENCE BROSSARD has maintained an "A" average throughout his years at Centennial. He is a member of the Arrows service club and presiding president. Of course being an A student he is a member of the C.S.F. His favorite classes are Modern World and Physics. Clarence plans to enter the field of teaching Physical Science or Mathematics. He will enter La Verne College in the fall to further his education.

LINDA VALDIVIA is a very active top senior. First semester, she was president of the C.S.F. She also was the vice-president of the Arrows. This semester she is president of the Arrows. Linda's favorite classes are Physics and Trigonometry. She plans to attend either Whittier or LaVerne College. She will enter the field of Mathematics or Science.

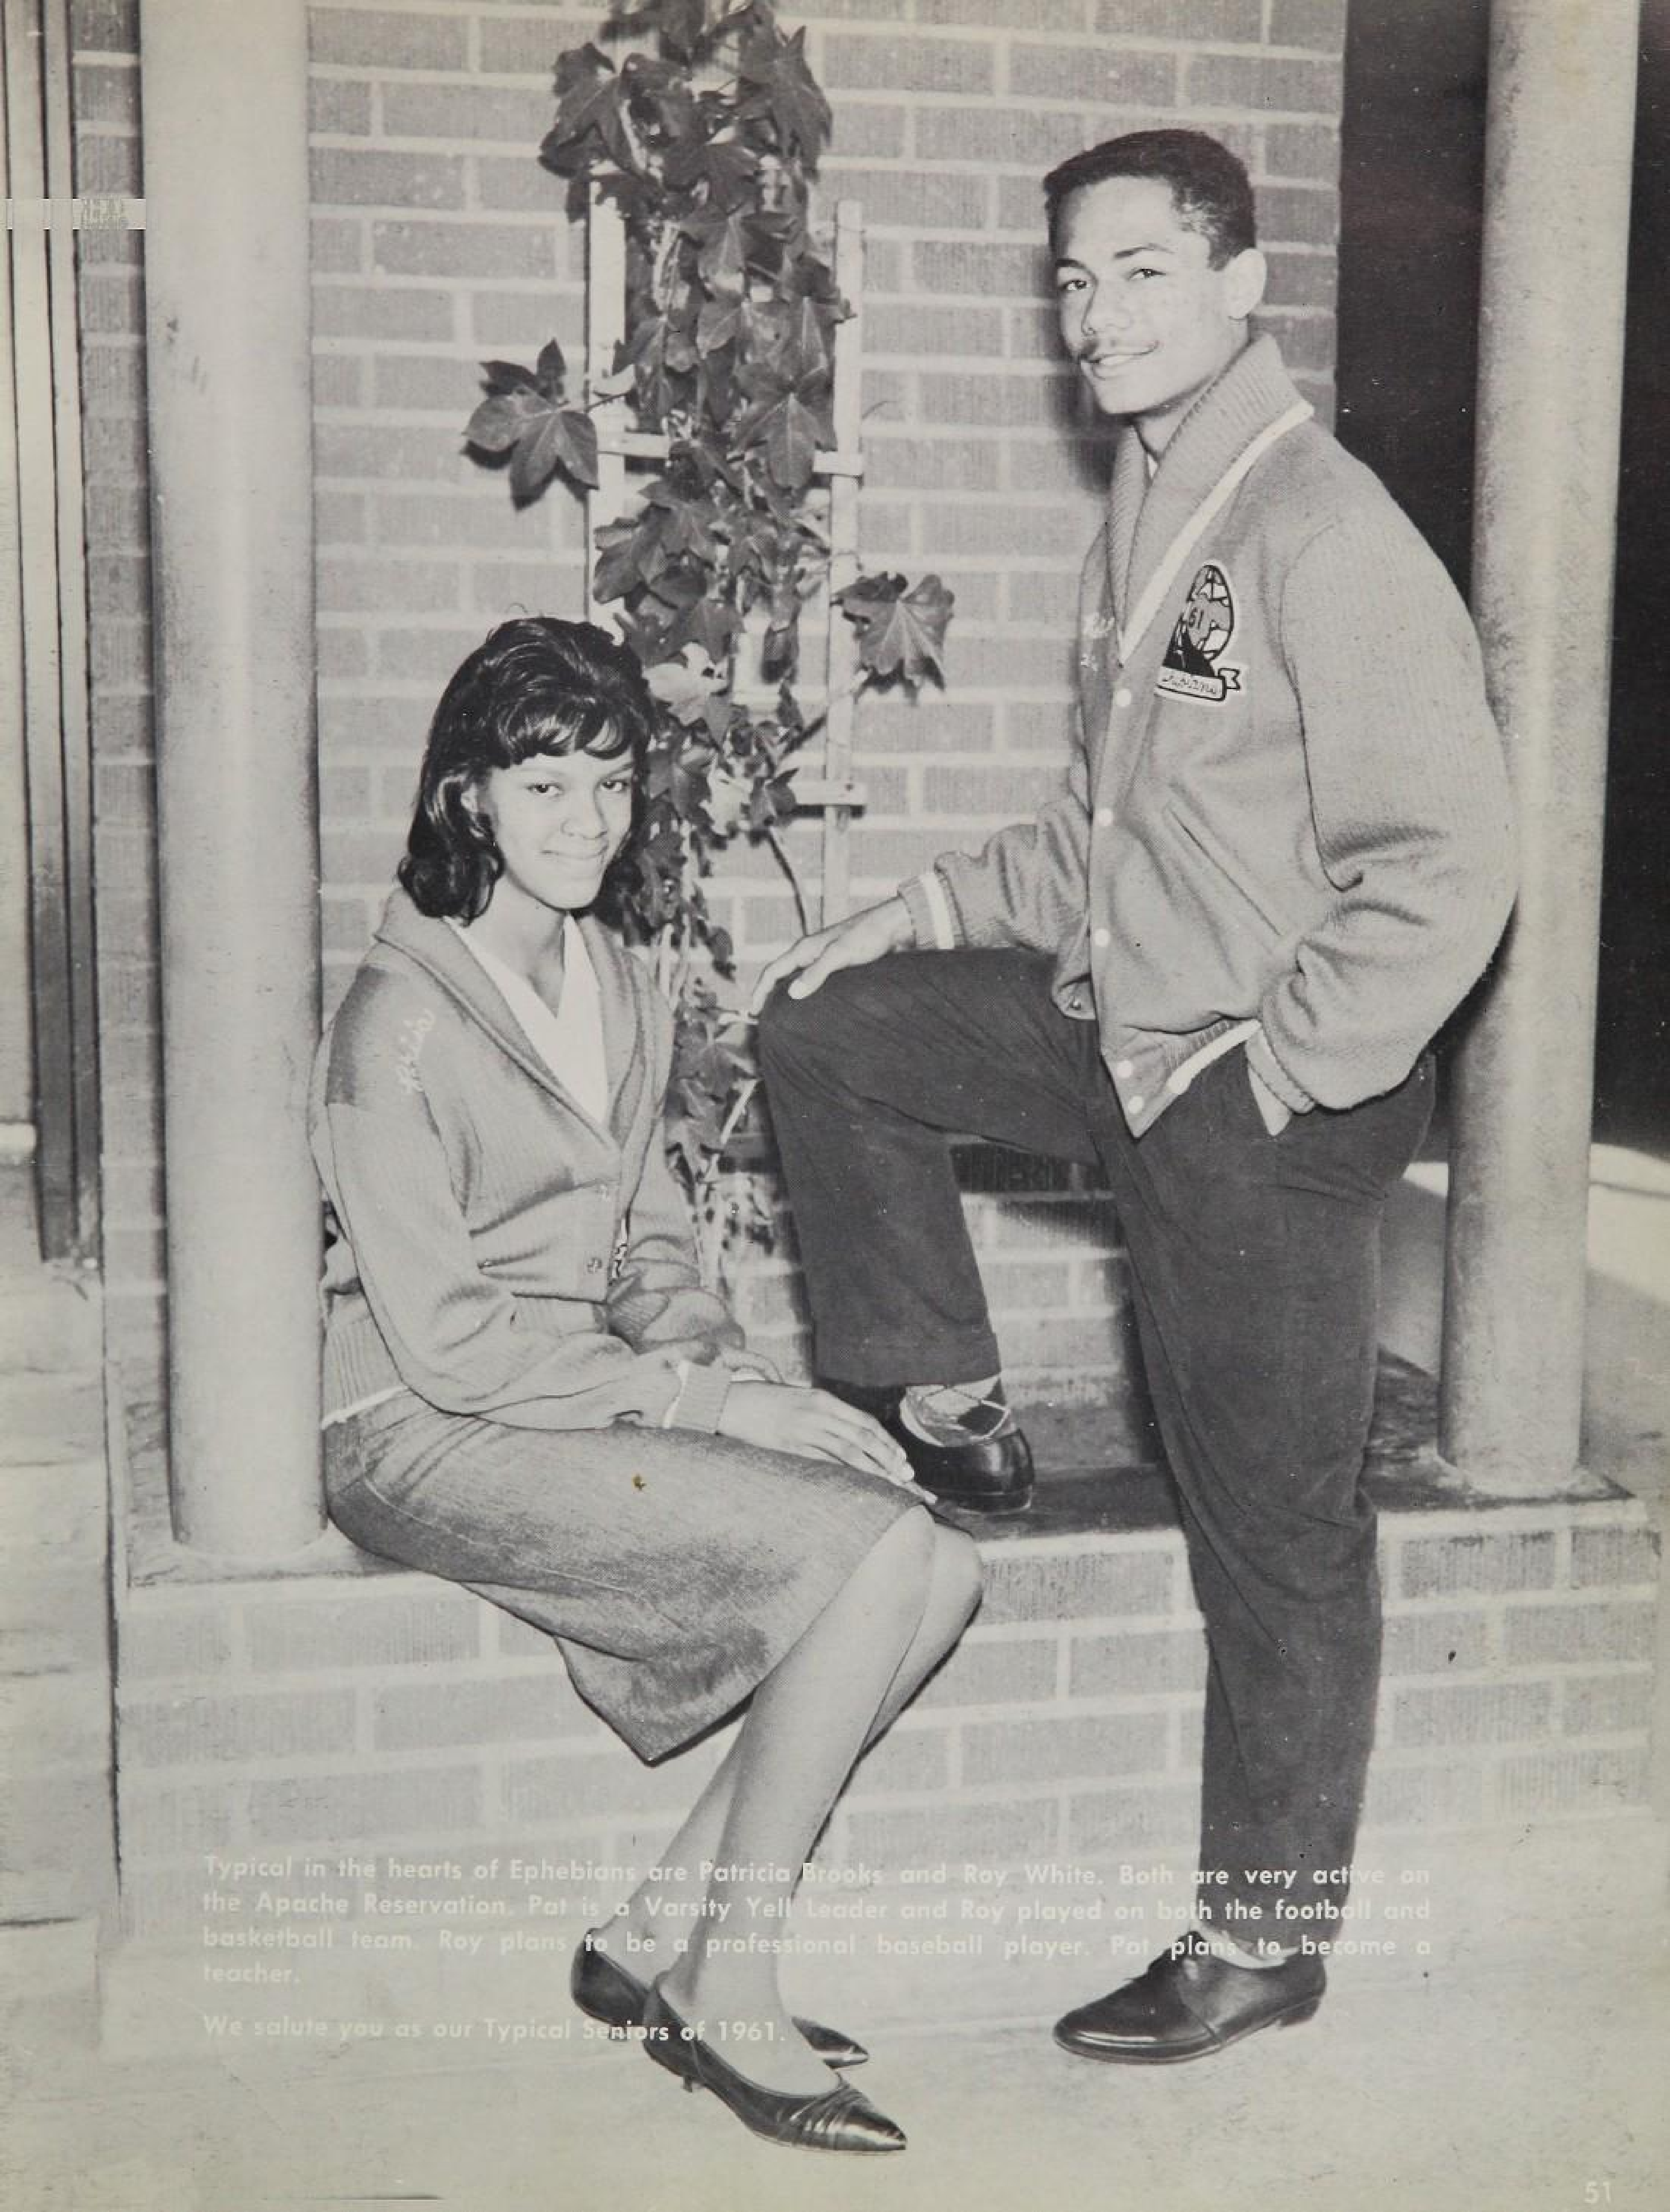


JAMES PAGE is a very active senior. He is a member of the C.S.F., the Arrows and the Debate Squad. James was our first semester student Body President. James plans to major in Political Science and Pre Law. He plans to attend University of Redlands next year.

NORMA WILLS comes from Jack Yates Senior High School in Texas. In her few semesters at Centennial she has become a member of the Arrows and also the C.S.F. Her favorite classes are Trigonometry and Senior Problems. After two years at Compton Junior College she plans to enter U.C.L.A. and major in Mathematics to become a Geometry teacher.

VERINA ELLIOTT has taken a complete business course while at Centennial. She is a member of the Arrows, the C.S.F. and the Centennettes. After graduation she plans to attend Metropolitan and major in business.

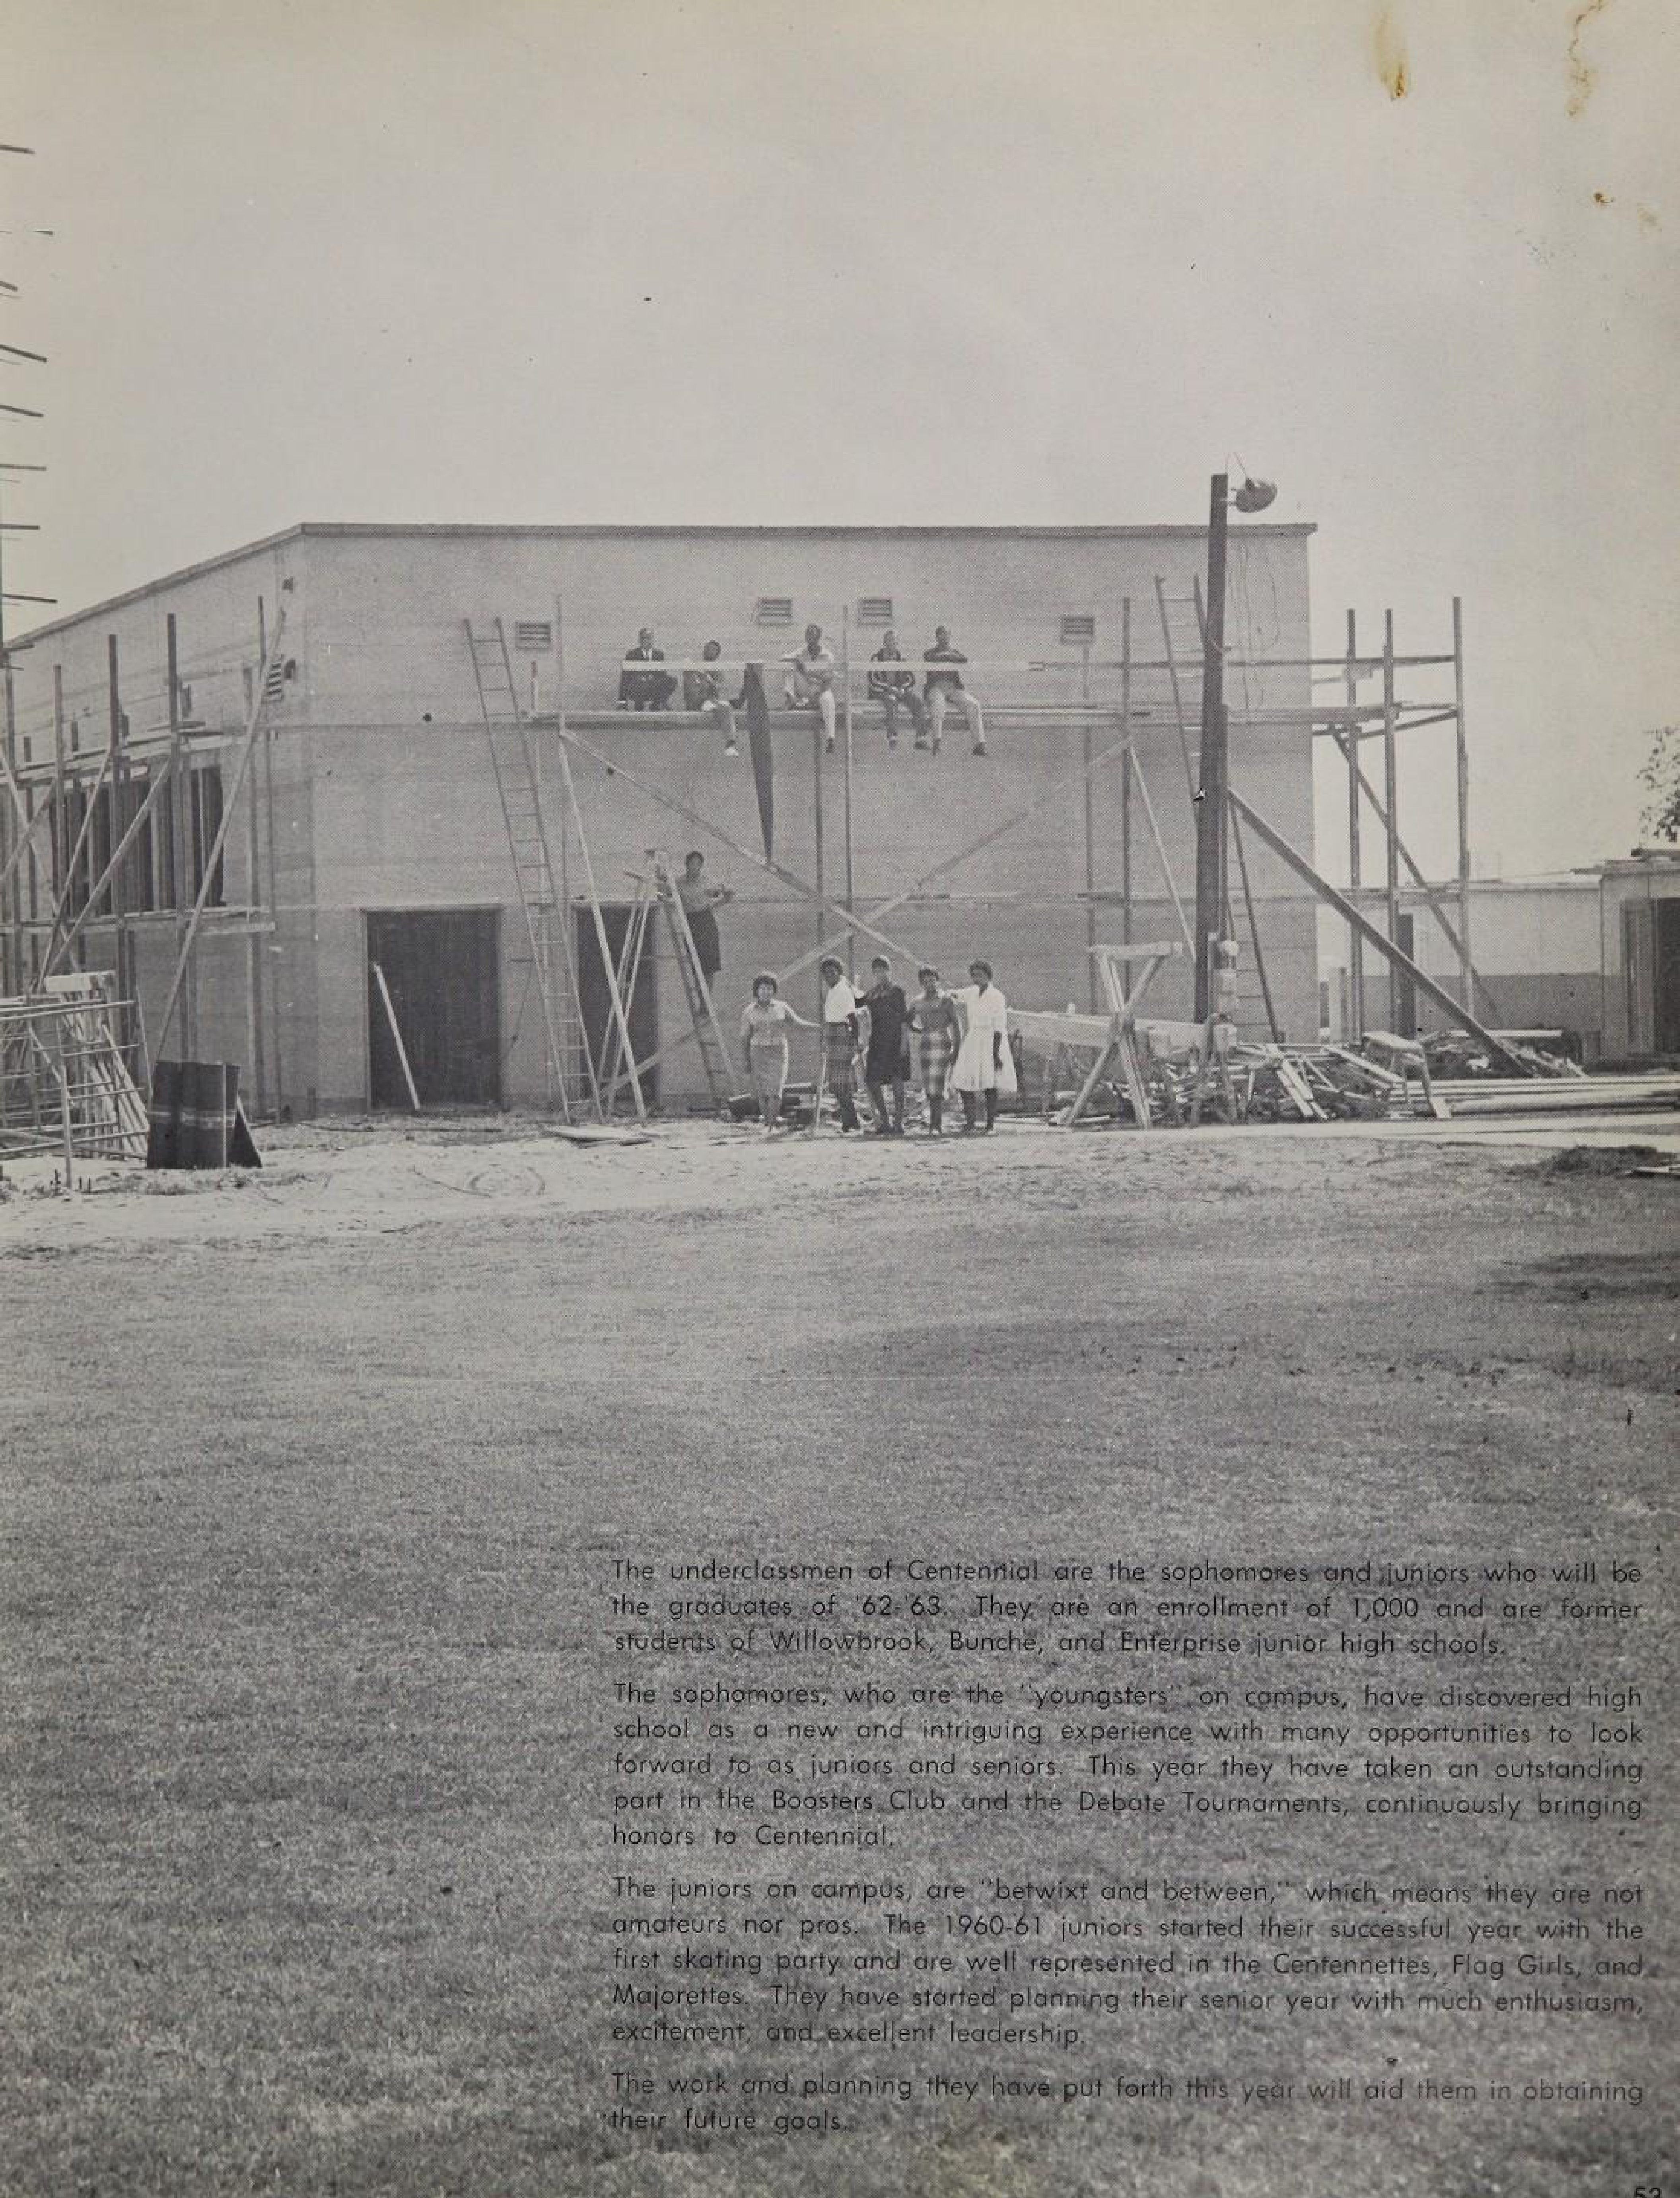
ERNEST ZOMALT was president for the second semester. He is a member of the Arrows and the Lettermen's Club. Ernest's favorite subjects are Trigonometry and Physics. He plans to go to the University of California, Santa Barbara and major in Mathematics.



Typical in the hearts of Ephebians are Patricia Brooks and Roy White. Both are very active on the Apache Reservation. Pat is a Varsity Yell Leader and Roy played on both the football and basketball team. Roy plans to be a professional baseball player. Pat plans to become a teacher.

We salute you as our Typical Seniors of 1961.

UNDERCLASSMEN



The underclassmen of Centennial are the sophomores and juniors who will be the graduates of '62-'63. They are an enrollment of 1,000 and are former students of Willowbrook, Bunche, and Enterprise junior high schools.

The sophomores, who are the "youngsters" on campus, have discovered high school as a new and intriguing experience with many opportunities to look forward to as juniors and seniors. This year they have taken an outstanding part in the Boosters Club and the Debate Tournaments, continuously bringing honors to Centennial.

The juniors on campus, are "betwixt and between," which means they are not amateurs nor pros. The 1960-61 juniors started their successful year with the first skating party and are well represented in the Centennettes, Flag Girls, and Majorettes. They have started planning their senior year with much enthusiasm, excitement, and excellent leadership.

The work and planning they have put forth this year will aid them in obtaining their future goals.

STUDENT GOVERNMENT

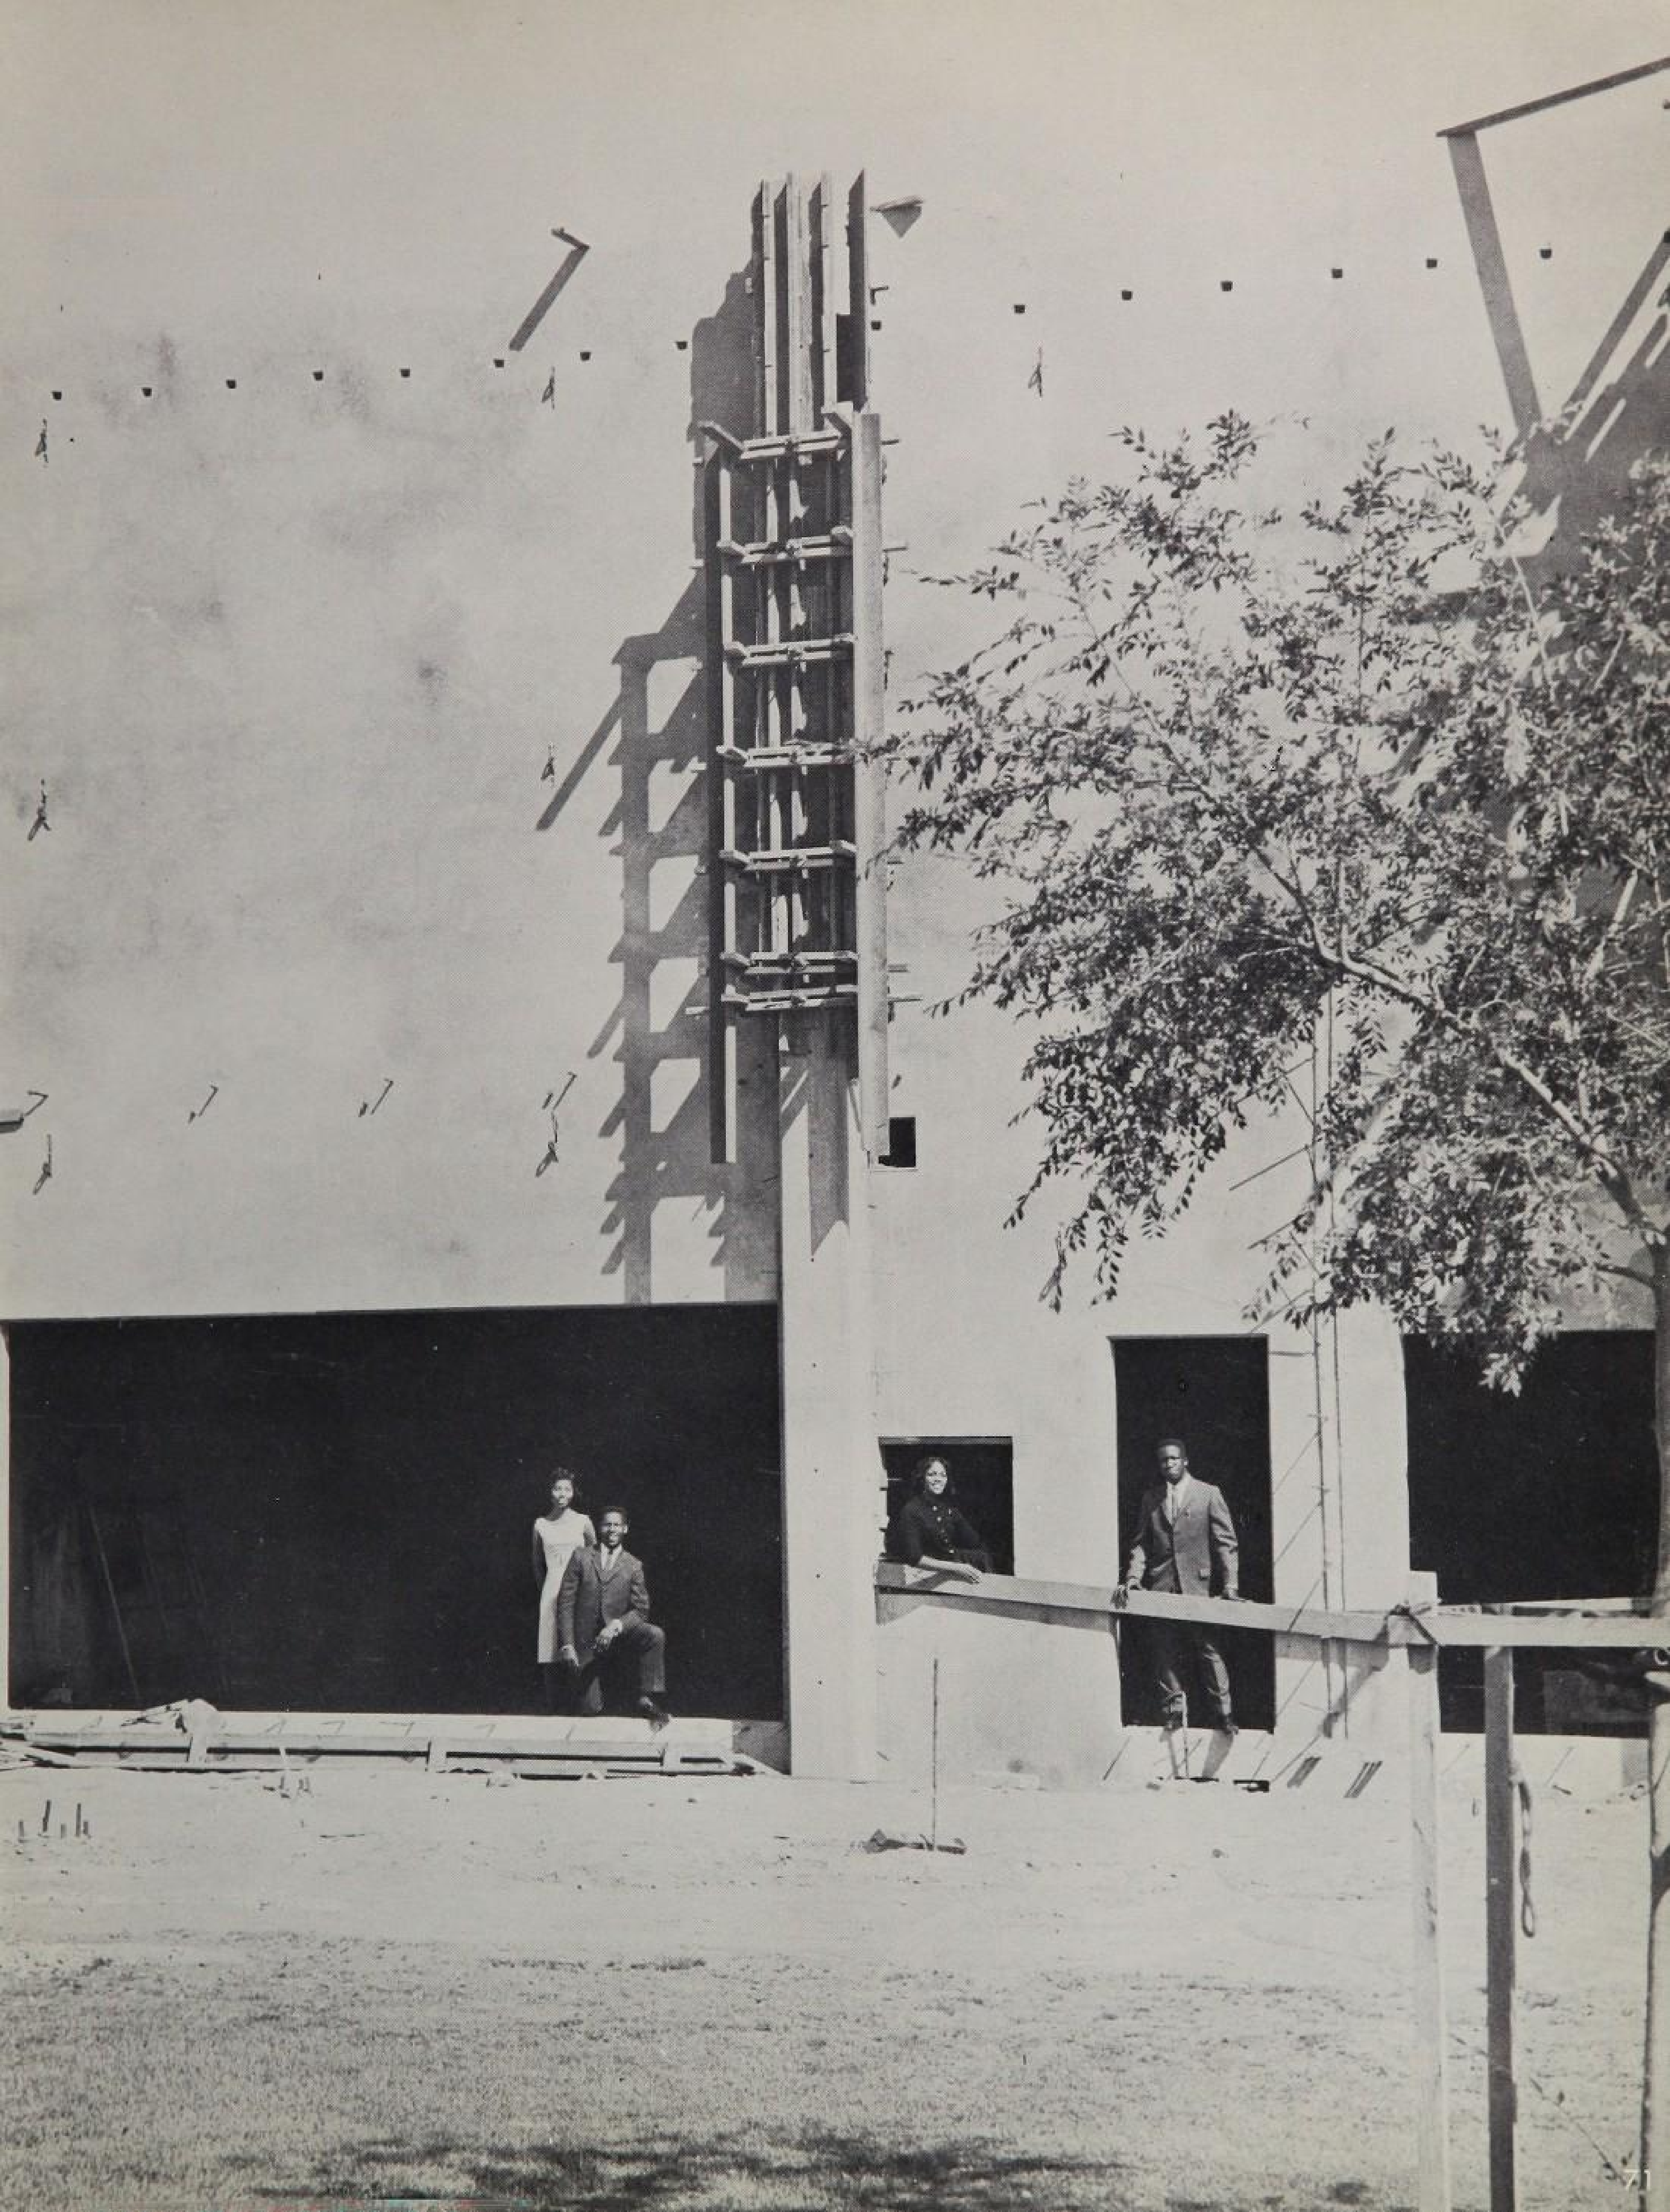
Our Student Government is composed of the student body officers, the board of commissioners, Girls' League, senior, junior, and sophomore councils. These people strive diligently to make our government the best.

We here at Centennial have leaders who try to direct our school on the path of a higher goal and to hold the tradition of Centennial. They never fail to help their fellow Apaches at any time.

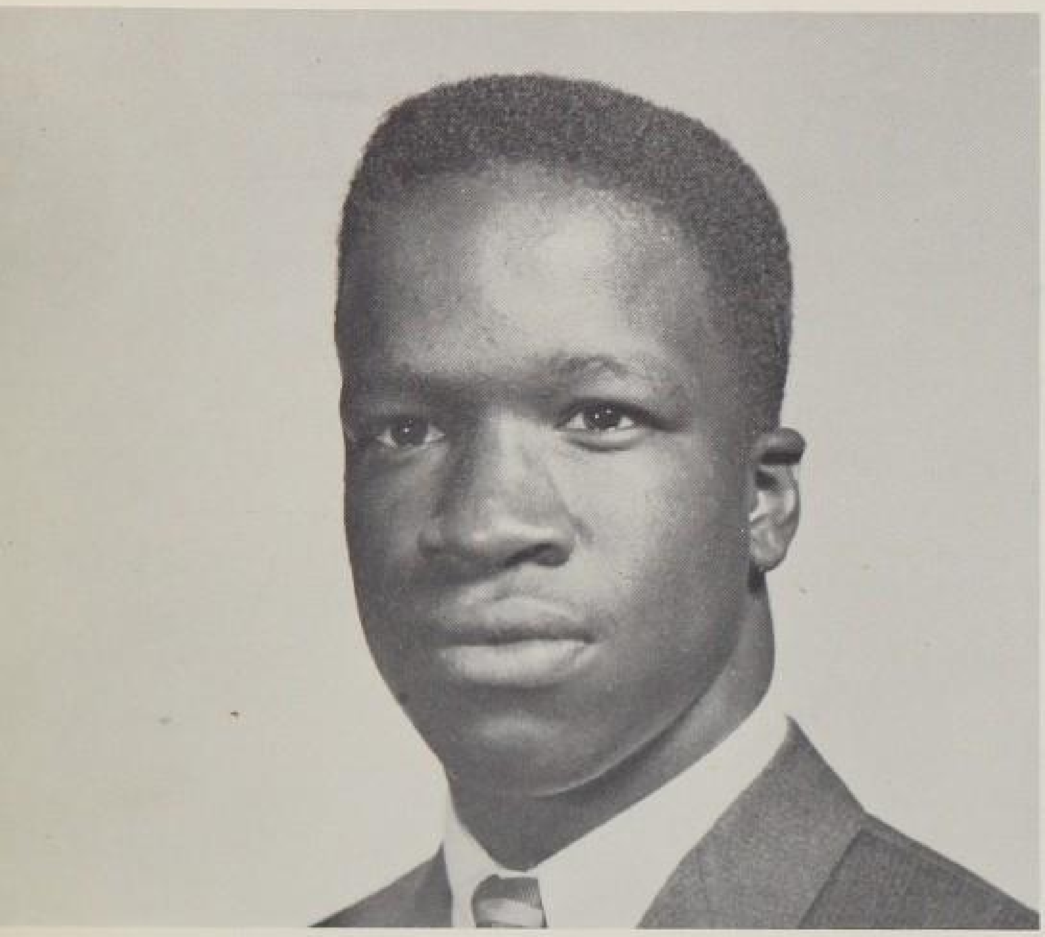
The student council studies questions every week that may arise around the campus. They strive to see that the wants and needs of Centennial get the best consideration for the welfare of our school.

We are building our government on a higher level than we found it. We must have a solid and firm foundation to expect things to hold, for without a sturdy foundation it would fall; so it is with our government.

We give high [illegible] to our leaders of Centennial, and therefore we dedicate this section of our yearbook to them for the great work that they have achieved this year.



FALL PRESIDENT



During the fall semester, the chief of the Apache reservation was **James A. Page.** His outstanding leadership abilities and excellent forensic talent has won the praise of each Apache as they watched him work. His presidency included much conscientious work as he greeted us over the P. A. system each morning with important announcements, narrated the assemblies, headed the Student Council, and stood as our excelsior representative at every football game and inter-school council. His future will be a bright one, and we know that James Page will continue to be a top leader in all his endeavors.

James Page welcomes the Student Body President of Jefferson High School.

James and Mr. Parish discussing plans for Student Body activities.

FALL VICE PRESIDENT

Our fall Vice-President, **Earnest Zomalt** has also shown fine leadership abilities. He took a direct part during football season, for he helped bring home many victories. Also in the Council, he was always on hand to carry out the duties of the President in case of his absence. His pleasant smile and personality makes you want to know him, and be appreciated by his fellow Apaches.

During one of his free moments, Ernie chats with his friends, Cheryl Underwood and Willie Clay.

Ernie and Mrs. Marshall discussing the daily announcements.

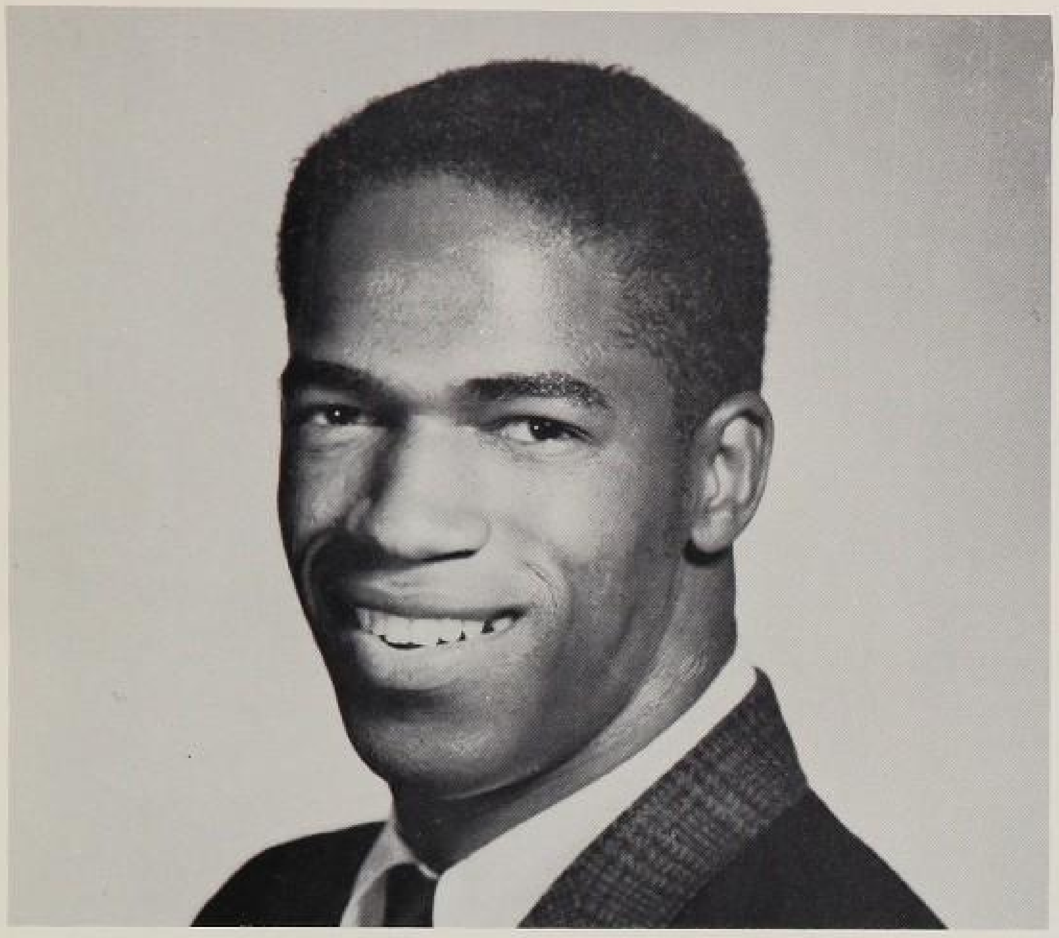
SPRING PRESIDENT

With **Ernest Zomalt** as Spring Student Body President, the student council experienced one of the most successful years on the Apache Reservation. Ernest, outstanding in all his duties the second semester, presided over assemblies and activities winning the friendship and respect of his fellow students. Athletically speaking, Ernest's skill on the Gridiron was outstanding, and has earned membership in the varsity Lettermen's Club. His accomplishments since entering Centennial are innumerable. He holds membership in our honorary service club, the Arrows. There seems to be no limit to his talents and leadership abilities. Upon graduating, Ernest plans to go to a college. He is one of our most promising senior leaders.

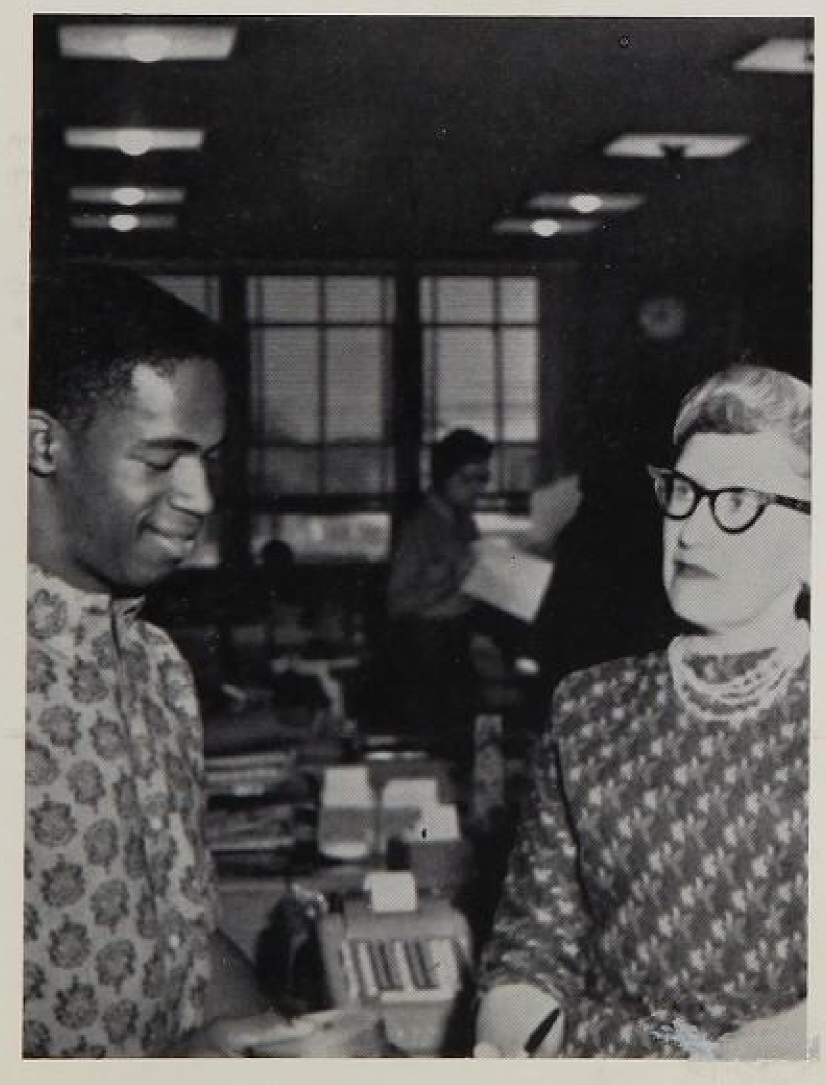
Pictured is Ernie making early morning preparations for school announcements.

Showing up at important places is prexy Zomalt feasting at the football turkey-day luncheon.

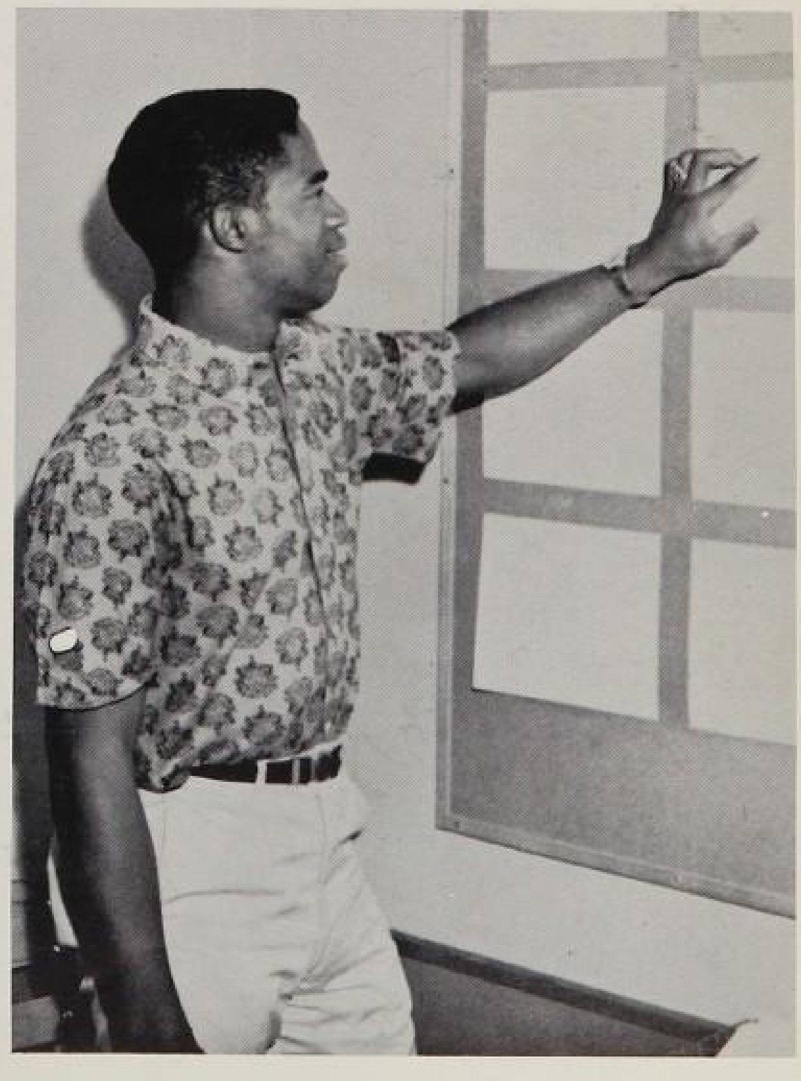
SPRING VICE PRESIDENT



The Vice-President assumes the duties of the President in the event of his absence, assists the President in the performance of his duties, and performs all other duties delegated to him by the President or faculty advisors. He must be a person who is willing to accept these duties. The person who meets these duties is **Gaddis Farmer,** spring Vice President. He is a person with both integrity and ability and makes sure that his job is done well. Gaddis has put forth many desirable ideas in helping our school in achieving success. He has participated in many numerous school activities and is a member of Letterman. His outstanding performance in football helped to bring home many victories for Centennial. That is why he is well liked by his many fellow Apaches.



Gaddis and Mrs. Knight get out the tickets to sell for the games.



Gaddis looks over the important activity schedule.

FALL SECRETARY

Busy recording accurately the important business transacted in the Student Council, we find vivacious **Emma Smith.** Not only has she been an active member in the Council as she served her year as Student Body secretary, but she is a very well known Apache around the campus. You can always find her either singing our school on to victory as a song leader or donating her time and service to the Council.

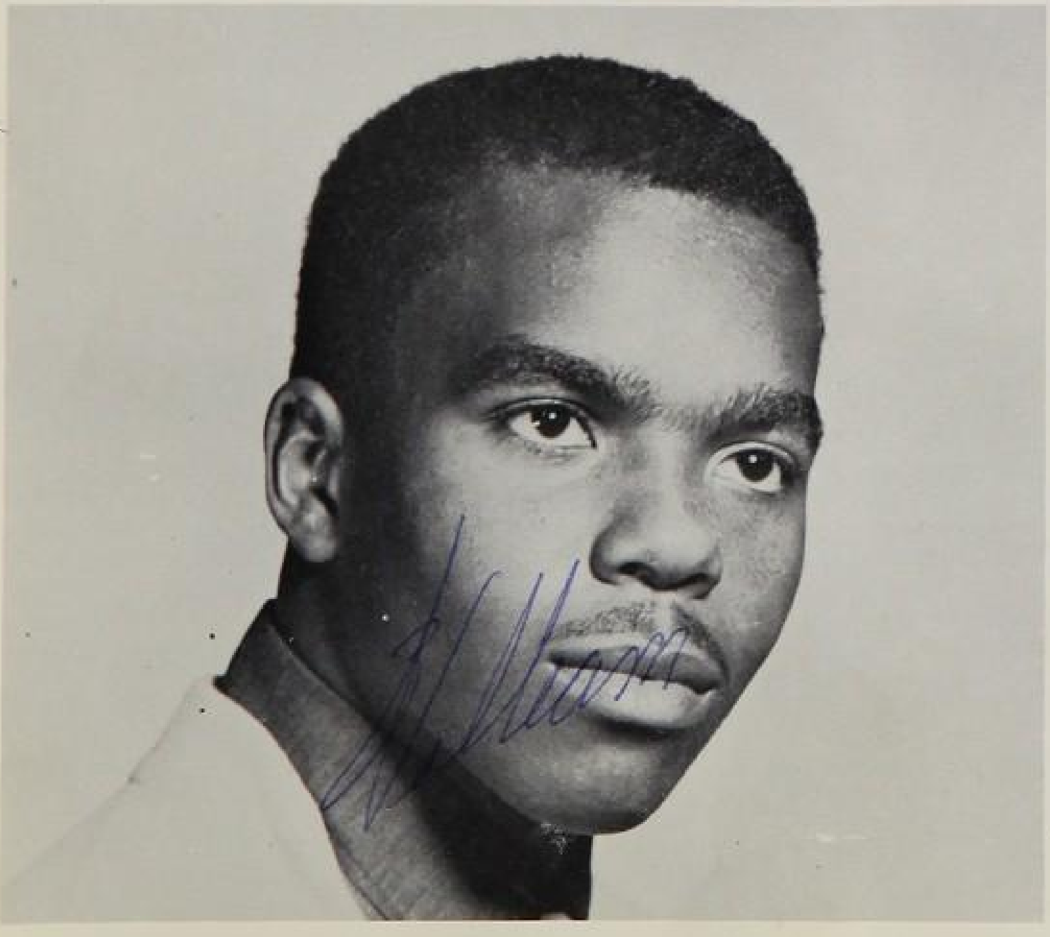
SPRING SECRETARY

Performing the duties of Fall Student Body Secretary, we find **Josephine Fowler.** She may be found in each Student Council meeting recording the minutes accurately and carrying out all correspondence responsibilities. Although Josephine is a junior, she is a very active Apache, performing as a stunning flag girl and being an active member of the Spanish club. Josephine aspires to continue her education and some day become a surgical nurse.

FALL TREASURER

Saundra Lang, the fall Student Body Treasurer, is kept busy keeping account of all financial data and responsibilities. Her job as treasurer has kept her busy selling tickets to every Student Body activity. You may also find Saundra participating in many extra activities and always wearing her friendly smile.

SPRING TREASURER



William

With safe, reliable, trustworthy **William Reed,** our money was sure to be in good hands. He has taken care of Student Body funds and kept accurate accounts. If there is anything to do with money matters, William is on the set. He also was one of those handsome Letterman football players during the football season and is now the Vice-President of the Lettermen's Club. He plans to go to a 4-year college after he finishes his job here at Centennial.

FALL COMMISSIONERS

Joe Joe

Raymond Roberts, Commissioner of Publicity; Jerri Smith, Commissioner of Activities; Ronald Williams, Commissioner of Athletics; Lester Shepherd, Commissioner of Finance; Ira Hawkins, Commissioner of Service.

Working closely with the top elected officers are the fall and spring commissioners. As you can tell by their titles, the commissioners are responsible for many vital activities concerned with the student body. These top officers were elected because of their demonstrated ability and loyalty to Centennial.

The Sophomore Council has been very busy this year planning for the many activities that were given by them. Their activities included a skating party, Sophomore dance, bakery sale, and many others. Under the leadership of their President Jeanette Sellers and Class advisor Mr. Joseph Watson, the Sophomore class has had quite a successful year.

JUNIOR COUNCIL

Looking ahead and anticipating their Senior year, we find the eager Junior Class. This year they were kept busy selecting their Senior Class name, sweaters, and rings. Besides this, they still had ample time to include every Apache in their successful skating party. We credit their fine year to Mr. Lucien Glaudini, class advisor, and their outstanding president, Mary Sneed.

SENIOR COUNCIL

The Ephebians is our name; this year we have worked entirely for our school. Now we must leave, but we hope we have left something for all to remember. From the first day that we came to Centennial, we made it up in our minds to do the best for the welfare of the school. The council is composed of representatives elected from their Senior Problems classes. We work closely with class advisors and see that the problems of the seniors are taken care of. With Ronnie Williams, as class president, we have strived to make our school outstanding.

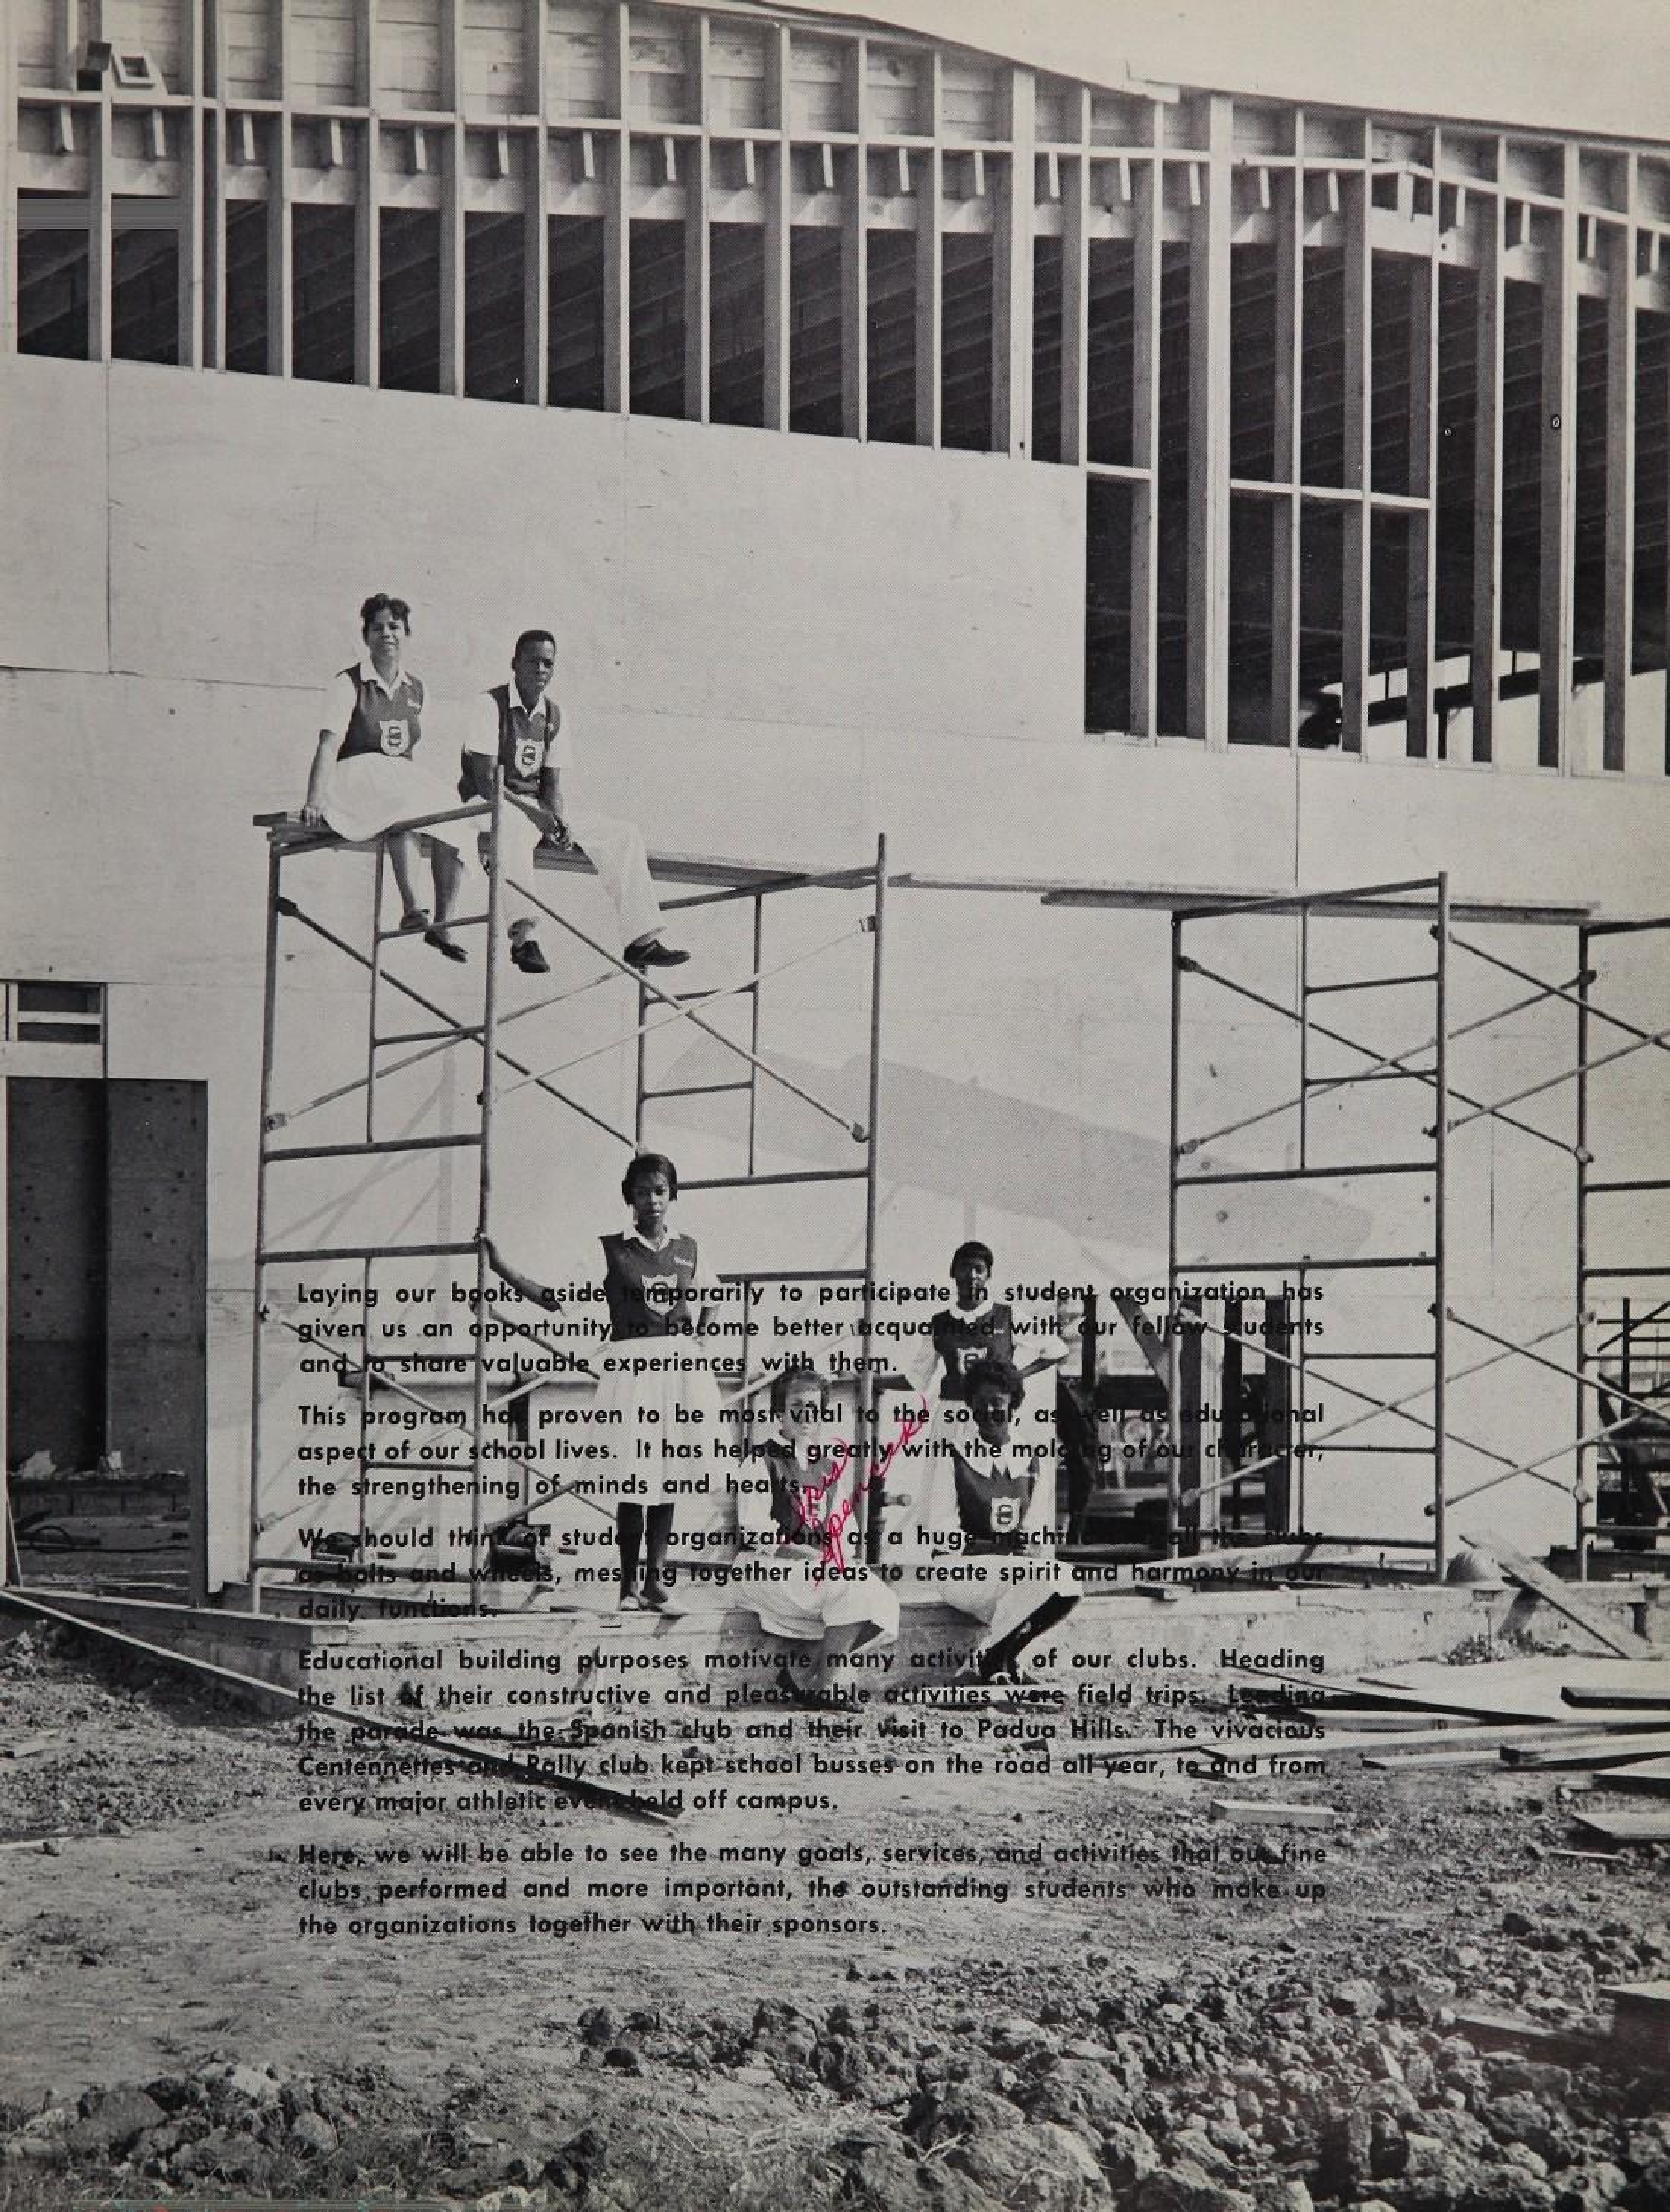
STUDENT ORGANIZATION



Laying our books aside temporarily to participate in student organization has given us an opportunity to become better acquainted with our fellow students and to share valuable experiences with them.

This program has proven to be most vital to the social, as well as educational aspect of our school lives. It has helped greatly with the molding of our character, the strengthening of minds and hearts.

We should think of student organizations as a huge machine with all the clubs as bolts and wheels, meshing together ideas to create spirit and harmony in our daily functions.

Educational building purposes motivate many activities of our clubs. Heading the list of their constructive and pleasurable activities were field trips. Leading the parade was the Spanish club and their visit to Padua Hills. The vivacious Centennettes and Rally club kept school busses on the road all year, to and from every major athletic event held off campus.

Here, we will be able to see the many goals, services, and activities that our fine clubs performed and more important, the outstanding students who make up the organizations together with their sponsors.

Centennials students should be quite proud of their fifty-girl drill team unit, Majorettes and Flag Girls. Under the direction of Mrs. Harriette Pankey, sponsor, and Centennette leaders, Verina Elliott and Leatrice Speed, these performances were the highlight of every major athletic event in the spring. These girls, including our Majorette and Flag Girl leaders, Bonnie Downey and Melba Simmons, had the great responsibility of perfecting and performing routines for the vast crowds at our football game halftime shows.

ARROWS

The Arrows, our honorary service club, marks a top scholar and citizen. Each day of the week, you will find them eagerly rendering service to their school as they work busily and diligently in the candy store, student store, faculty register, and the "lost and found." We credit a great deal of their success to their excellent sponsors — Mrs. Wilma Kauling and Mr. Kenneth Washington. Leading them for a successful first semester was their outstanding President, Clarence Broussard, with the help of their Vice President, Linda Valdivia. Their activities included car washes, candy sales, field trips and off-campus gatherings.

The Rally Club was organized to serve Centennial. Members of the Rally Club are composed of Varsity Song and Yell Leaders. These lively leaders control crowds and mold student exuberance. They know that organized rooting and responsible, enthusiastic leadership go hand in hand and is the key to high student body morale. This year proved to be most rewarding to the Rally Club members in that our outstanding football team made their job of getting us to yell quite easy.

CALIFORNIA SCHOLARSHIP FEDERATION

The C.S.F. is our honor society club consisting of those students who have maintained high academic ratings and demonstrated outstanding leadership qualities. Membership is based upon a ten point scholastic achievement in classes requiring preparation and homework.

Few students outside of the limited membership realize that this is the most profitable organization to join. Thousands of dollars are spent each year for college scholarships and cash awards. This is a national group sponsored by a large number of community, education minded, organizations.

Everybody should be able to master the English language. It goes without saying that a better understanding of Latin will inestimably aid in that goal. Mr. A. STUDENT ACTIVITIES

When people hear the word "activities" they think that it is just a past time; something for personal enjoyment. They don't realize that our school activities play an important role in our social life here at school.

Activities on campus call for a great deal of time and work. People work just as hard as they do in the classroom.

Activities are a mix-up of everything. They happen almost every day at Centennial. They call for planning, rehearsing, publicizing, organizing, strutting, dancing, yelling, choosing, and "building."

Our school has grown tremendously over the years, both in size and attendance; so did the need for more Apaches to become more active.

In the following pages are some of the things that made up our school year of '60-'61. Since we are one big happy family on the reservation we made the best of our year. We all worked, played, and socialized. Thanks to activities!

JOURNALISM

Editor-in-Chief
Vivian Clark

Standing: S. George, A. Spears, N. Wills, B. Clay, B. Lee. **Seated:** W. Miller, G. Warren, T. Williams.

Editor, Vivian Clark, her assistants and their assistant page editors worked hard publicizing their bi-weekly newspaper. The editor and assistant editors' biggest headache is correcting and rewriting copy. The page editors' responsibility is making up the pages. Editing a bi-weekly newspaper is a pleasant task and exchanging news with other schools all over the U.S. adds color and pleasure to this department's duties. Mr. Lewis, the advisor, has done a wonderful job supervising the newspaper staff for the past two pears.

Standing, L.-R.: C. Rhodes, R. Colbert, H. Badgett, B. Lee, A. Spears, F. Gonzales, W. Miller, N. Wills, T. Williams. **Seated:** L. Jackson, B. Parker, S. George, G. Smith.

PRINTERS

Mr. James and his boys accomplished their goal this year by producing bi-weekly editions of the Apache Signal, even though "Old Nellie," the old flatbed press gets temperamental on press day, just when the crew is trying to roll out the Apache Signal.

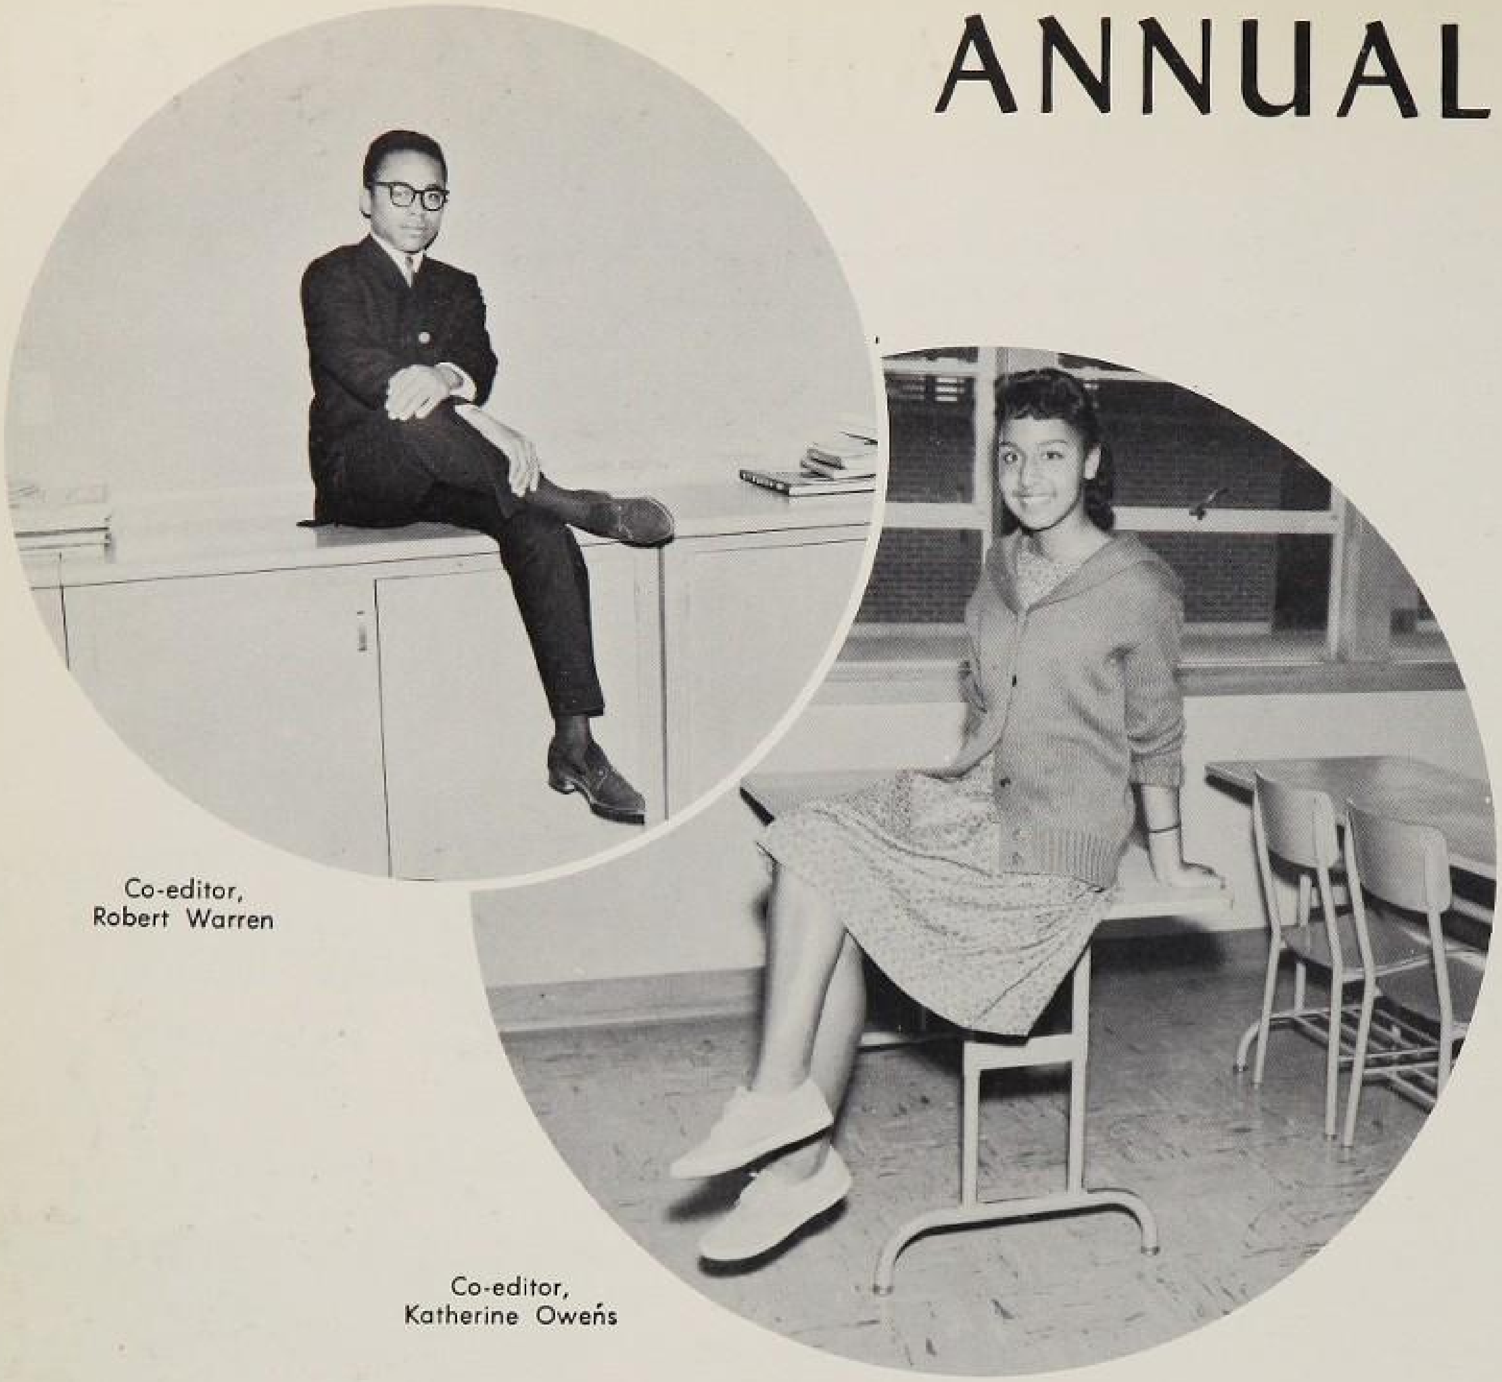
ANNUAL STAFF



Co-editor,
Robert Warren

Co-editor,
Katherine Owens

When something comes out that all can be proud of, then everyone is happy. That has been the case with last year's annual, and from all indications it appears that Robert Warren and Katherine Owens, with their wonderful staff, have another book on the shelf. From the beginning of school to the last deadline, the War Cry has moved rapidly, thus producing another outstanding annual we can be proud of.

k Row, L.-R.: J. Spight, H. Badgett, A. Williams, G. Smith, R. Warren, J. McCauley, C. Underwood, D. Cryer, Blouin, B. Downey, M. Winstead, A. Wilbourne, Teacher, Mr. B. Oxhorn. **Front Row:** J. Hata, T. Johnson, Clay, A. Addair.

ANNUAL STAFF

To your left are two vigorous working section editors Harriette Badgett and Oneal Blouin. These two energetic, persistent workers, in order to meet their deadline toiled at school and at home, both night and day. Actually they are two of the hardest, working students on the staff.

H. Badgett, O. Blouin

Words have not been discovered to describe the justice that Joyce Hata and Robert Warren put into the Faculty section of this annual. While Joyce typed frantically on the typewriter, Robert ran around collecting the information they needed in order to complete their section.

J. Hata, R. Warren

D. Cryer, D. Silas

Delores Silas and Dolores Cryer are the editors of the Senior Section. Setting up a schedule so that every senior was able to take their graduation picture was only a minor part of work they put into their section. When you are looking over the Senior section of your annual, you are looking at the work of two fine workers Delores and Dolores.

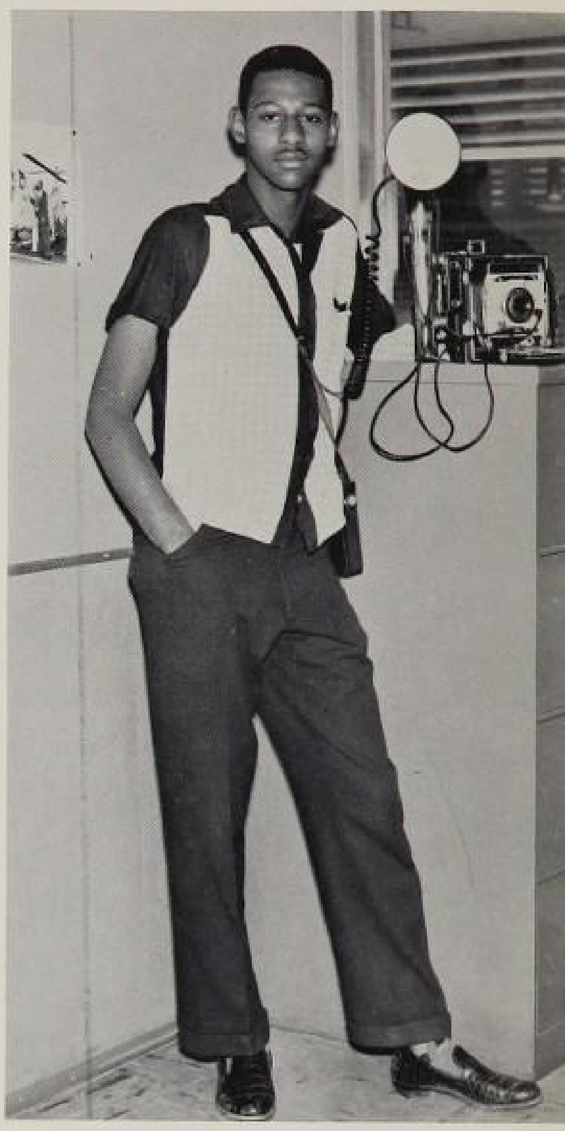
ANNUAL STAFF

J. Spight, A. Adair

YEARBOOK LAYOUT

Two hard working sophomores, Judy Spight and Addie Adair's hardest job was rounding up all the sophomore and junior classes for their group pictures and identifying the different groups.

A. Williams

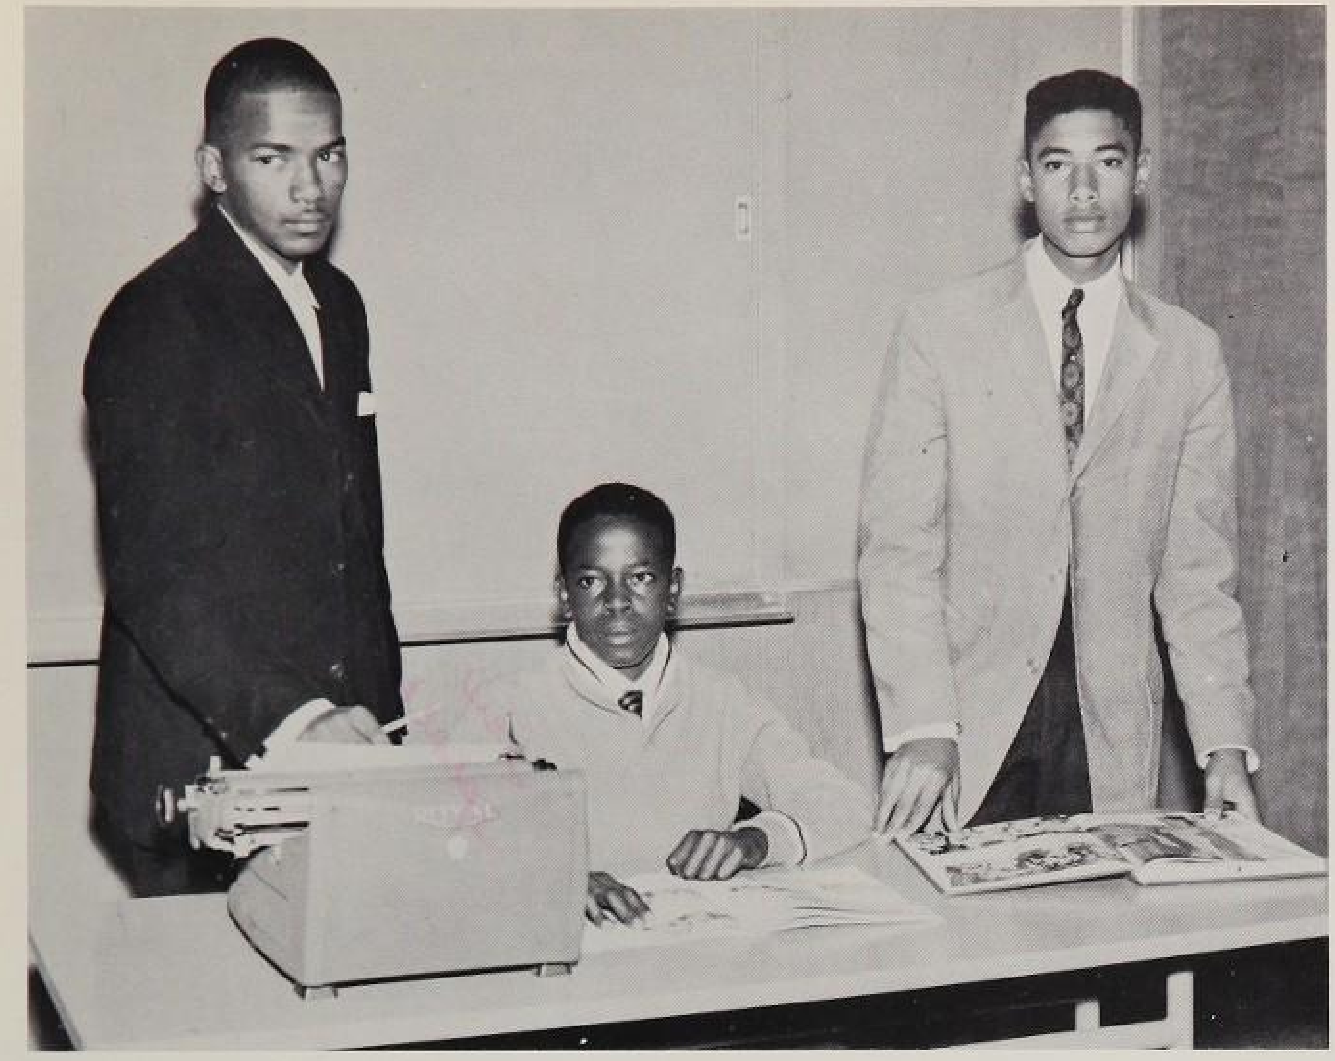


Always on the run describes Albert Williams, a very outstanding photographer. During the assemblies, at the games, he was always there with his camera. On the annual staff, he's called "the man with the camera."

M. Winstead, J. McCauley, B. Downey

Here they are Jo Ann, Margaret, and Bonnie. Gosh, they really had a job. While Jo Ann collected the information needed to write the copy, Margaret made the layout and Bonnie typed away on the typewriter.

ANNUAL STAFF



A. Wilborne, T. Johnson, W. Miller

Following the team's news wherever they go are sports writers Wilbur Miller, Ted Johnson and Arthur Wilborne. In or out of town you could always spot Wilbur Miller jotting down the highlights of the games. These three boys had a lot to report because our teams really went far this year.

Willie Clay and Cheryl Underwood can sigh a collective relief that the year has come to an end. The hard work they put into the Student Government section of this annual shows that these girls are really on the ball.

Football fans saw the band perform smartly and uniformly under the direction of Mr. O. Bonomo during the halftime activities at home games this past year. The outstanding band ended the football season with a sparkling performance in the coliseum. The band also marched in several parades throughout the year.

SENIOR LEADERS

This year our senior class produced a fine bunch of leaders. They were chosen for their outstanding work as presidents or leaders of the various clubs, organization and teams on campus. We should be grateful to these people for the wonderful work they did this past year.

JAMES ALEXANDER was chosen Co-Captain of the Football Team for the '60 season.

HARRIETTE BADGETT worked hard this year with the yearbook staff. She was assistant editor of the newspaper staff, a Song Leader, VP of the Spanish Club and secretary of the Rally Club.

GERMAINE BAIN, tall svelte, and attractive, gained the high office of President of the Girls' League. She is also an active member of the Arrows.

CLARENCE BROUSSARD held the office of Prexy during the fall of the Arrows and CSF. Clarence was also a member of the Debate Squad.

VERINA ELLIOT, the Apache Chief over the Centennettes not only strutted her way across the football field, but was also very active in campus organizations. She was a member of the CSF and Arrows.

BONNIE DOWNEY was the petite little miss that lead the majorettes in football season. Bonnie was also a Homecoming Princess.

GADDIS FARMER was treasurer of the Lettermen and VP of the SB in the spring.

ANITRA HARRIS, outstanding in sports, Anitra found herself president of GAA for the fall semester. Anitra is also a member of the Arrows.

DORA McNIEL was rated as a senior leader for her outstanding work as leader of the Yell Leaders.

SENIOR

Out of all high school memories we probably cherish our first formal dance the most. Boys will remember things like scraping up enough courage to invite his "dream come true," asking her friends the color of her dress so he can get the proper corsage, spending a half hour or more before the mirror trying to get the right effect for his hair and taking the final steps to her door on shaky feet. For a girl there is always the thrill of picking out her formal, spending most of the day in the beauty salon and after the dance pinning her invitation and corsage to her bulletin board. She also likes to tell her underclassmen friends about the wonderful time she had at the Junior-Senior Prom.

ATHLETICS

William

Many people wonder how in the world sports in high school is a form of building. Although it does not require the same abilities as your academic classes, basically the same fundamentals are involved.

In your academic work you must have good study habits, the desire to succeed, and most of all ability. The same thing will apply with athletics but in a varied form. You must have good training habits, the desire to be a success in your event, plus an athletic ability.

High school sports builds up the body not only physically but also mentally. Football star Paul Lowe who is now one of the top backs on the Los Angeles Chargers, and Charles Dumas who once held the World's high jump record both received their athletic training at Centennial.

Yes like anything else you must be trained properly in your early years when you are still developing, and not after you are grown. Building has truly been successful at Centennial in "Building for our future goals." We can hold our heads up high and be proud of the outstanding job being done in athletics at Centennial.

The team that makes the fewest mistakes will win!! That is the theme Head Mentor Aaron C. Wade's gridders used as they opened the 1960 football campaign. At the begining of the season it was stated CENTENNIAL had a very slim, if any chance, of winning any games during the course of the season. As it turned out, we only lost two games with a very impressive record of 10 and 2. Our team was the smallest in the CIF, but size didn't frighten our athletes because whoever they played, they were determined to give the best performance possible. in return, it came back to them as they were the second strongest team in the entire state of California, out of some 400 CIF schools.

Desire, Spirit, and most important of all Togetherness has brought this year's squad a very long way. Coach Aaron C. Wade and his very superb staff of Lucien Glaudini, Toshio Shambukuro, Bernard Oxhorn turned in one of the finest coaching jobs achieved in the CIF in over a decade. CENTENNIAL was very fortunate to land two positions on the ALL-CIF team as Larry Todd (quarterback) was selected to the first team, and William Reed (center) was selected to the third team. We at CENTENNIAL actually have nothing to be ashamed of, despite the fact that we lost both our games to Santa Barbara. We should be very proud of our Team's outstanding accomplishments this season.

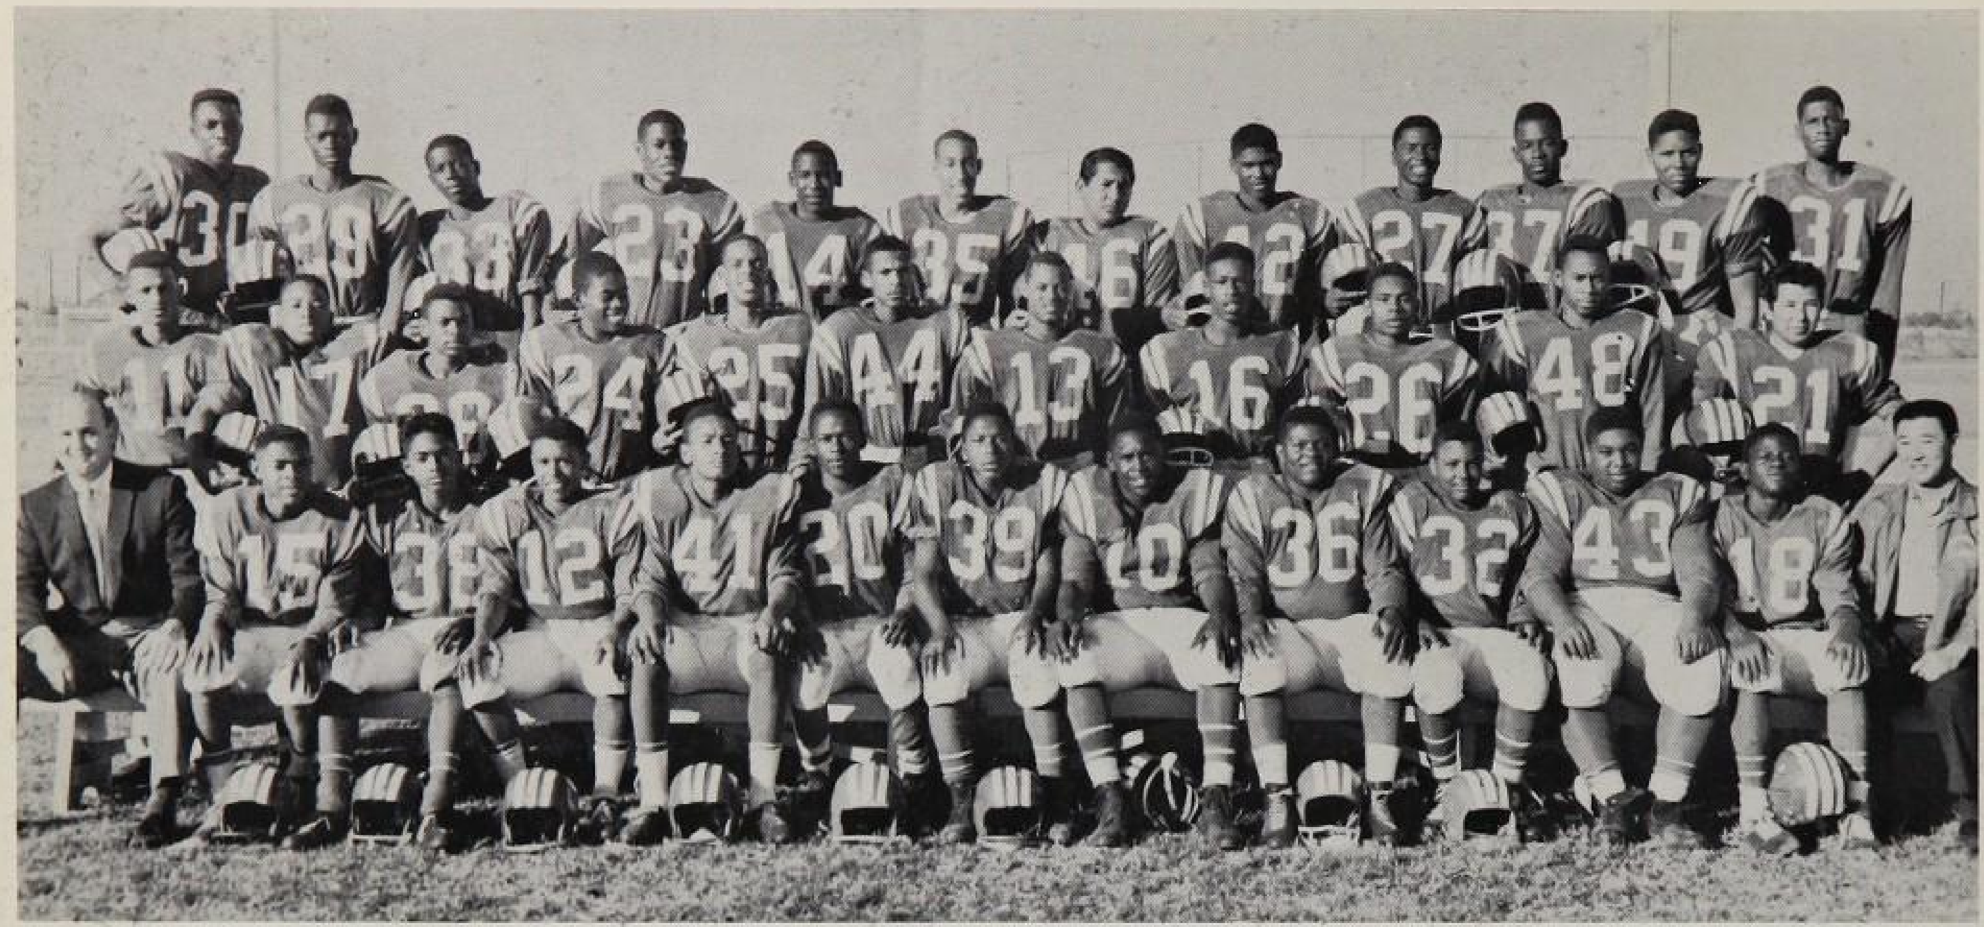
JUNIOR VARSITY FOOTBALL



Row 1: Coach Glaudini, J. Mogawon, C. Brown, A. Lewis, J. Rogue, L. Coleman, F. Walker, G. Henry, B. Crawford, L. Roberson, J. Faniel, J. Thompson, Coach Shimabukuro. **Row 2:** O. Massengale, J. Parker, L. Eastman, C. Word, G. Smith, R. Galloway, C. Massengale, M. Slaughter, C. Montgomery, B. Bryants, C. Ortago. **Row 3:** H. Sankey, D. Jones, D. Mogawon, P. Chatman, E. Littleton, C. Dokins, E. Vasquize, T. Slaughter, D. Wilkerson, R. Thompson, S. McKinney, J. Brown.

Our Junior Varsity fooball team, under the leadership of Coaches Shimabukuro and Glaudini, is one of the best teams that Centennial ever fielded. They opened the Coast League race with 27-0 victory over Serra. The "Reservation" was proud of them and looked for the J.V.'S to take the Coast League. The following week our hopes were bright with a triumph over Santa Monica, by a score of 18-0. The next week the "Reservation" was rewarded by the J.V.'S fine victory over Compton.

Coaches E. S. Shimabukuro and Glaudini

Mr. Shimabukuro was elated to say that they beat Compton 26-6; our team was running over with victory. October 28, 1960 the J.V.'S hit Lynwood hard for a score of 14-0, and went on farther to the end of the season in the best style expected. The J.V.'S were looking forward to winning the Coast League. They went to Domingues with blood in their eye to beat Domingues by a score of 34-9. Next year Centennial should field a top Varsity team, due to these outstanding J.V. gridsters.

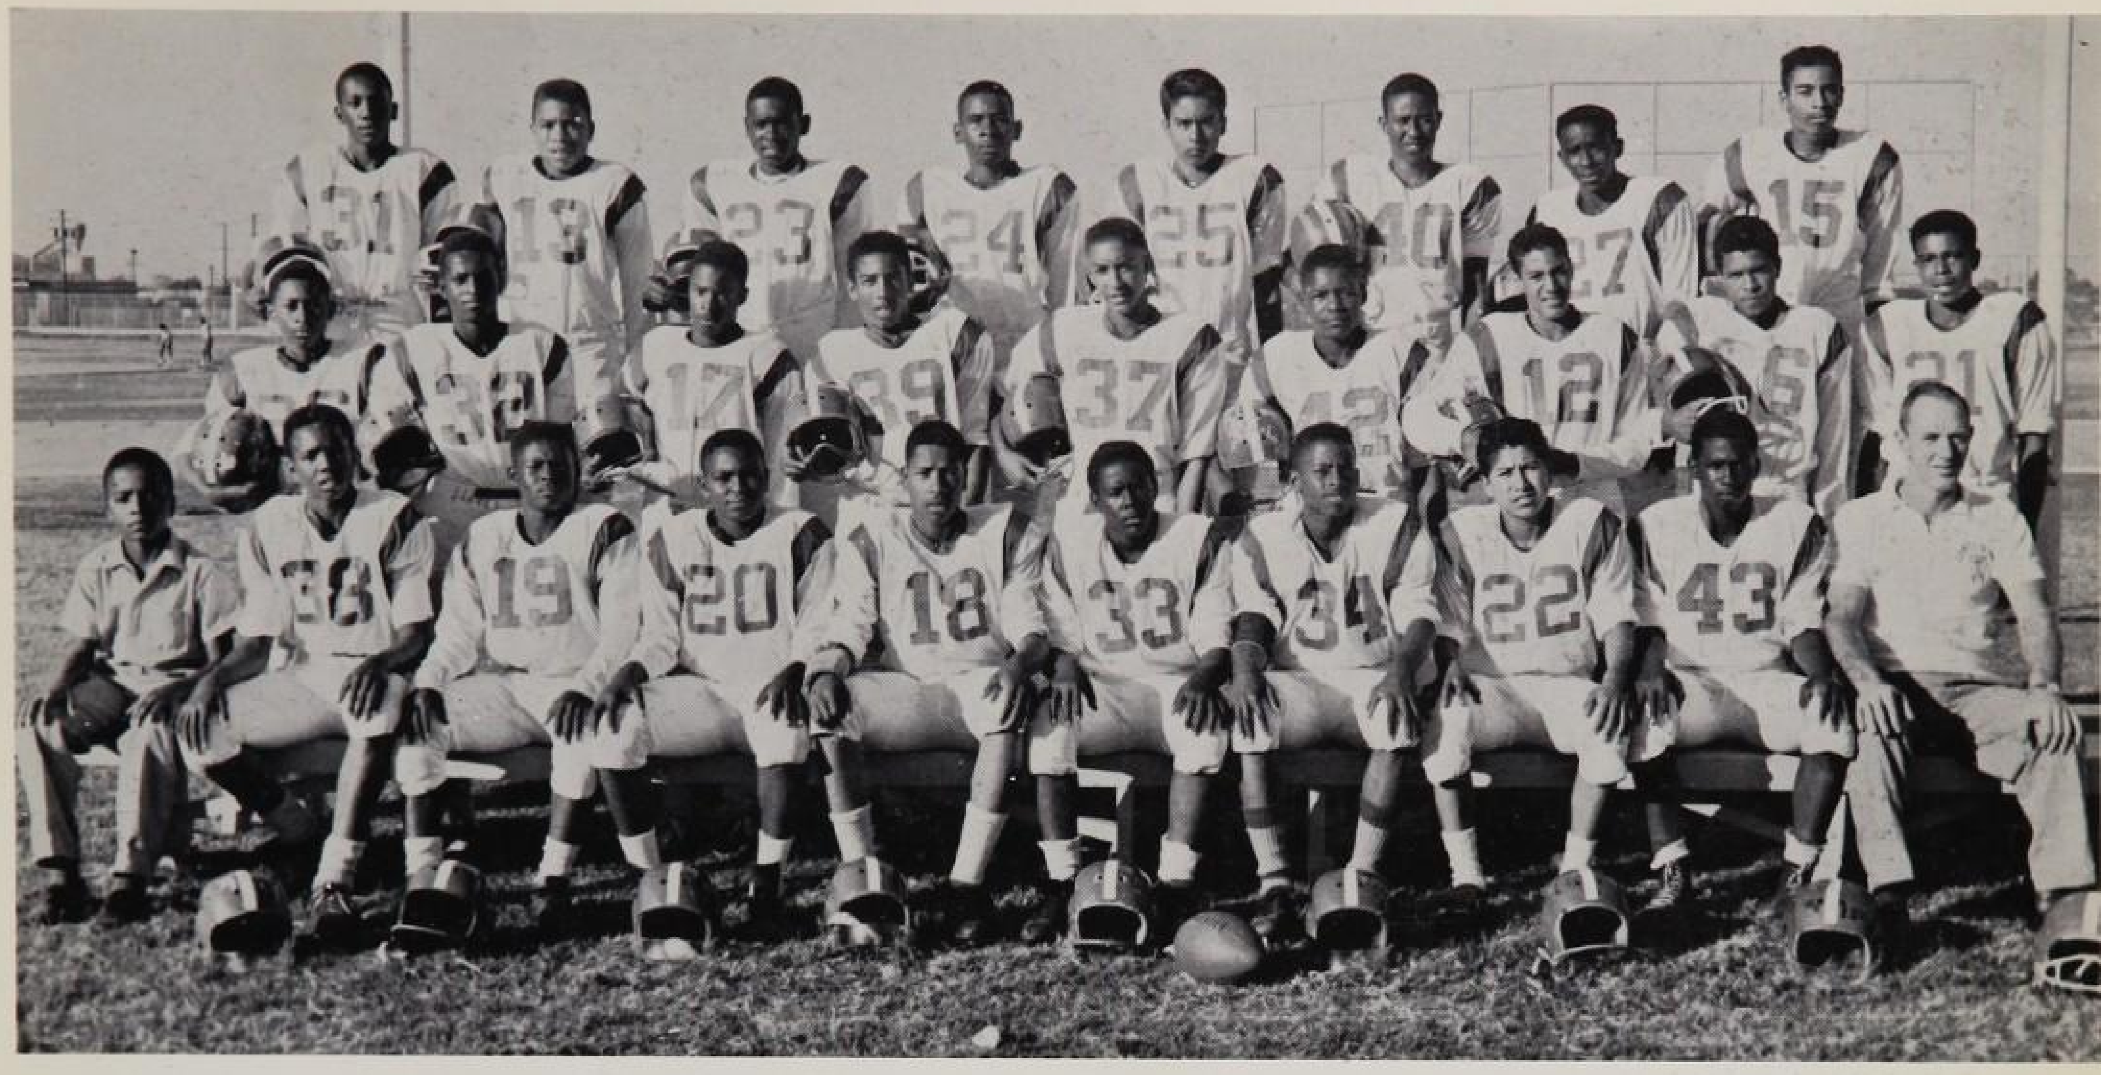
BEE FOOTBALL



Row 1: M. Moseley, W. Simmons, J. Woods, M. Perrey, H. Bain, M. Richardson, B. Smith, D. Llamas, W. Walton, Coach Threlkeld. **Row 2:** E. Mitchell, R. Fowley, G. Estrada, B. Mack, E. Bryant, T. Rolls, C. Bunting, A. Bradley, E. Mayes. **Row 3:** D. Richardson, T. Crawford, J. Dixion, M. Tracy, M. Aguirre, W. Nichols, C. Bullock, G. Hall.

Injecting the fighting Apaches Spirit into the mighty Bee team this year was Coach Threlkeld. Although the team lacked the winning scores in some games, the boys had the desire to play the list in athletic achievement. This desire will provide excellent background for future grid teams. This year the Bee's have been working for a goal: trying to be a strong team.

Coach Threlkeld

"The Mighty Bee's", This name has remained with the Centennial Bee Football team over the years. Through Victory and even through Defeat the Apache Spirit has been shown well. This year we have watched the team's progress, and with the fine coaching of Mr. Threlkeld. This year the Bee football team has been working hard and playing a clean game. Since the team has made much progress this year, Mr. Threlkeld is one of the best coaches that the bee's have ever had.

This year's Cross Country teams have come along a hard trail of fighting, and striding toward victory. At the begining of the season, the teams started at a slow pace to lose to our cross town rival, Compton by a narrow margin. With one defeat for our boys, we went to Lynwood, only to be overtaken by another mighty team. The following week Centennial started out in good style against the league champions, Dominquez, but wasn't able to come through. Warren with that outward effort, managed to break through a strong Apache race. As the last race of the season approached, the members of the teams practiced more than ever, and harder than ever before. The final week came in time, and Centennial, with a determined effort, downed Paramount by the widest margin this season.

Coach Ted Berner

The Varsity Basketball team of 1961 started off the season a little shakey due to the fact of our extended football season. After the squad was cut down to size they started to accomplish a most outstanding job. This season Centennial's Cagérs were the shortest in the Coast League plus being the second smallest in the entire C.I.F.

But victory was the cry and that's what we got. With a special desire and little more effort they were able to get on the winning trail. Although they lost three league games they were too tough for Lynwood and the C.I.F. Champions Compton.

Our mighty braves wound up second in league action and advanced to the first round of the C.I.F. play-off games. We at Centennial are very proud and grateful for your fine efforts put forth this season.

Our JV Basketballers rated second in league action as they put on a fine showing. The majority of their team was composed of mighty sophomores.

Standouts this year were Sam Edison, John Booker, and Thurman Slaughter who turned in a tremendous job on both offense and defense.

These cagers will be our varsity men of tomorrow. Thanks men for such an outstanding season.

Mr. Gold the coach of this year's Bee team, says this is one of the best Bee teams Centennial has ever had. "We had even balance in shooting, and in all around ball club," were his exact words. My shots were Cecil Jones, Oneal Blouin, and Willie Morland. Anthony Johns was my best ball handler, and my playmaker. Roy Wimdom was a consistant board man.

Coach
David Carlisle

The Varsity horsehiders have done a fine job this season. They have displayed courage, desire, spirit and most important of all togetherness.

Some of our players will become our major or minor leaguers of the future. Stars such as Julius Davis, Cleo Harris, Charles Thornton, Homer Wilson, Melvin Wilson, the late Waco Jackson, and the most recent in our minds David Kelly, have done very well for themselves thus far in the game.

Coach David Carlisle is one of the finest baseball coaches in the high school division. He insists, as all coaches do, practice makes perfect. Yes, we at CENTENNIAL are very proud of the efforts put forth by our team this year.

Shown are the varsity outfielders from left to right Richard Neal, Ted Williams, Anthony Lewis, and Freddie Neal. These fellows do an outstanding job of hauling in deep and well hit drives to the outfield and make fine plays on a single which could turn into a double without a lot of hustle.

The fine Apache infield consists of Karl Dawkins, Roy White, Reg Smith and Lawrence Young. These men handle all of the hot grounde and steaming line drives hit. It takes much skill but most import courage to do it.

The top Apache hurlers are shown with Coach Carlisle giving them a few choice tips before taking their daily warm-up. Shown are Donald Wilson, Robert Turner, Willie Wilson and Mr. Carlisle.

Jamie Plummer Centennial's fine J.V. hurler is shown going through his daily workout in fine style.

Centennial Junior Varsity Baseball team can be characterized by good pitching, good fielding, strong hitting and consistent hustling. The Apaches have been a hot and cold ball team mainly by not using "big bat" with consistency. As a consequence, the horsehiders played many close, exciting games and have won three out of five, by virtue of dramatic pitching performances. The one that made this game interesting was Coach Wade.

Coach Wade

Baseball is a game not played with a bat and ball, but with the mind, and the constant mental and physical drill that Mr. Wade puts his players through makes a winning team. Although sometimes the scores were not as good as before, the games were very interesting to the viewer. This combination of hard hitting and outstanding pitching performances kept the Apache War Bonnet high over the diamond. This year we had a very working team.

This year the mighty Apaches blazed the lanes again. Their magnificent achievements in track and field events have made them the most feared team in the league. Runners such as: Owens, Harrison and McGown 440, Tyler, Meadows and Owens 100, Tucker, Swayne, Pope and Massengale Hurdles, Hammond distance and that outstanding eight man mile relay team consisting of Tyler, Pope, Harrison, Cureton, Meadows, Owens, Thomas and Larry Todd, have spellbound their rivals with their performances. I'm sure that the men on the track team join with me in saying thanks to their two wonderful track coaches for building such a shining example of Apache versatility.

GIRLS ATHLETIC ASSOCIATION

FALL PRESIDENT

SPRING PRESIDENT
Ruby Williams

One of the most exciting clubs on campus is the popular Girls' Athletic Association known commonly as the G.A.A. These girls have come together for the purpose of learning more athletical skills and the importance of good sportsmanship. The club is composed of sophomore, junior, and senior girls who have P. E. sixth period and who stay after school each Monday and Wednesday preparing for the four playdays held during the year. Within this section you will find girls who love sports and who play them well with fine spirit and enjoyment. Since we are losing the many wonderful seniors, we dedicate this section to them and also their sponsor who we credit with most of their success during the year of 1960-61.

BASEBALL

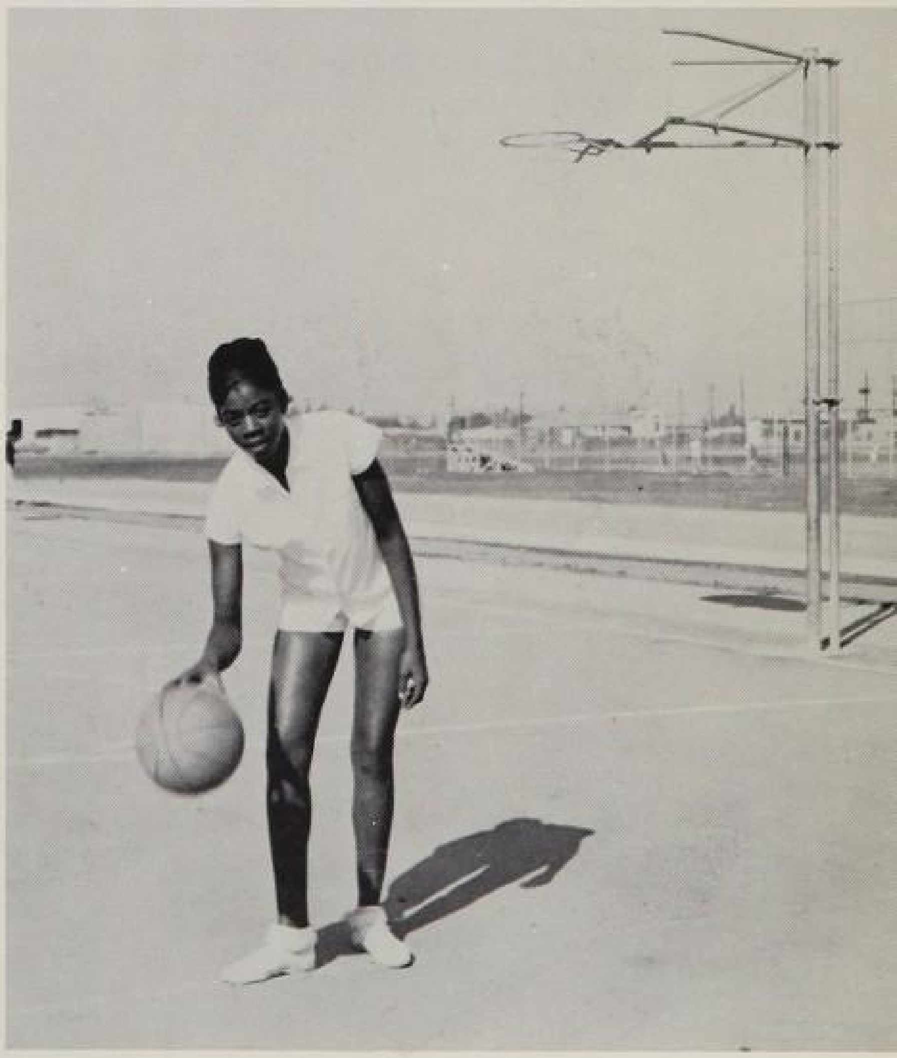
The favorite sport of many G.A.A. girls is baseball. Many girls hit with the power of Willie Mays or Duke Snider, almost. Throwing and catching become new skills to develop. As usual, this is an easy task.

TOP ATHLETES

This year we were very successful in every intramural sport. At each playday, the Apaches went on the war path and brought many victories home to the reservation. Although every girl demonstrated excellent skill and sportsmanship, we are proud to honor three girls for being chosen as the OUTSTANDING ATHLETE.

Our outstanding girl in volleyball is Gloria Washington who is well known for her forceful spikes and co-ordination.

We find Martha Williams alert and ready for action at all times. Her running and kicking talent won for her the outstanding athlete in speed-a-way. Also she was the high point girl of her team.



On court, Beverly Barner displays tremendous stamina as she uses wise basketball tactics. Along with her interest in the sport and her helpful height, she has been named the most outstanding girl in basketball.

FALL AND SPRING G.A.A. OFFICERS

The G.A.A. officers play a very important part in the development of the organization. With their sponsor, Miss Garman, the officers have been the foundation of a successful year. The presidents have guided the council as they prepared for the hosting of two basketball playdays and the piece d' resistance of the year—the G.A.A. banquet—where all the girls were honored for their outstanding performances during the year.

Fall Officers—Bottom Row: Connie Garrett, Publicity Chairman; Anise Spears, Treasurer; Anitra Harris, President; Emily Godden, Recording Secretary; Gloria Washington, Sergeant at Arms. **Top Row: Spring Officers:** Norma Wills, Recording Secretary; Cheryl Gross, Publicity Chairman; Ruby Williams, President; Katherine Owens, Vice President; Gloria White, Corresponding Secretary.

One of the new fads of the season included those "sharp" G.A.A. sweat shirts worn by Connie Garrett, Pat Roberts, Mary Bell, Eleanora Earle, and Debora Courtney. Notice how attractive they are.

G.A.A. PLAYDAY

ROARING TWENTIES

It all started when the news hit us that we were hosting two basketball playdays. President Ruby met with her council and the theme, "Roaring Twenties," was adopted. With the participation of a majority of G.A.A. girls, the program went off well and (1) President Ruby with the assistance of Vice President Kathy were complimented for originating such an authentic program.

The program began with those well known singers including (2) Gloria White, Anise Spears, Bev Walker, Sheila Van Exel, and Anitra Harris. Next they entered into a typical classroom during the 1920's where the students were extra brilliant. However, the school teacher, played by (3) Anitra Harris, was very frustrated with one lad, played by Janice Carter. The program could never have been complete without those "swinging" charleston dancers led by (4) Kathy Owens (center) and including Sharon Bingham, Pat Roberts, Ruby Williams, and Connie Garrett. The program ended with great praise.

After the program, the playday began, and fun and good sportsmanship were shown by the (5) girls as they played basketball. The referees (6) did a wonderful job and when the day was finished, we were proud of being the hostess school.

EDITOR'S FAREWELL

Now that it is June, we can sign in relief as we recall the many memories that we have had during our high school education and the fun that we, as editors, have had producing the "War Cry" of 1960-61. Yes, we have really been busy this past year, and although many of us seniors feel that this is the end, it is only the beginning of a new chapter in our lives.

Now that we have finished the yearbook, we know that it would have been an impossible task without the assistance of many many people. First of all, we would like to especially thank Mr. Oxhorn for guiding and helping us in every way possible. Next, we thank the staff who worked so hard to beat the deadlines. We thank Mr. De Leon and the art departement for working so closely beside us. We thank the teachers for their wonderful co-operation and Mr. Roberts and his studio for their fine photography. Last, we thank all those who helped in any way with the production of this yearbook.

It's been a hard but great year and now that it has terminated, we "Ephebians" will travel down many different roads. Some will continue building for their future in college and universities. There will be others who will take on new jobs and still others who will soon become married. However, wherever we go or whatever we do, we will remember that wonderful year of 1960-61.

Yes, it's been work, but it's been fun. May the pages in the 1960-61 "War Cry" always be preserved with the many other wonderful memories you hold.

Your editors,
Katherine Owens
